

**WEATHER FORECAST.**  
Probably showers tonight and Thursday, warmer tonight.

VOLUME 92—NUMBER 46.

## COX CRITICISES ARMY OFFICERS FOR BIG BLUNDER

**Says Effort to Block Guard  
Appointments Due to  
Bureaucrats**

**FIGHTS FOR FAIRNESS  
TOWARD GUARD TROOPS**

**Though Forming Nucleus of  
Army, Not Represented  
On the War Board**

(Associated Press Telegram)  
Columbus, Sept. 5.—Characterizing the recent action of the war department in ignoring his divisional staff nominations for the federalized Ohio National Guard as a "very glaring blunder," Governor James M. Cox, in a statement made public today severely criticized the attitude of the department in regard to the Ohio troops. A letter to General Mann, head of the bureau of militia affairs, war department, in which he complained of poor treatment of Ohio guardsmen was made public at the same time.

Governor Cox's statement and the publication of the letter to General Mann followed the receipt of word here that the war department had rescinded its former action in regard to the appointment of staff officers for the guard and that the governor's nominations would be needed.

In his statement Governor Cox says that since national guardsmen have no representation in the war department at Washington, they will, in the future, receive some assistance and that he will fight for them "as long as any unfairness is attempted."

Secretary Baker, in the governor's statement, is not blamed for the manner in which Ohio guardsmen have been treated because he probably has more trouble with the "war department bureaucrats" than we know anything about.

The letter to General Mann contains protests against the failure of the war department to appoint Adjutant General George H. Wood as commander of the Ohio division and with several other appointments of officers.

Governor Cox's statement follows:

"In the face of this very glaring blunder of the war department, it is probably opportune to rehearse the controversy between the National Guard officers and the regular army officers. This affair has not been carried into the newspapers by me, but I thought being that the President's troubles should be subtracted from rather than added to.

"However, the boys of the National Guard are the boys of the Nation."

## ITALIANS CAPTURE GREAT QUANTITIES OF ARMY SUPPLIES

Udine, Italy, Tuesday, Sept. 4.—It is impossible thus far to give even an approximate idea of the immense quantity of booty which has fallen into the hands of the Italians since the beginning of their advance. The materials captured show the precipitation with which the Austrians fled all along the line of attack. On the Bainsizza plateau near Santo Spirito and Luska whole convoys of arms and munitions were abandoned in such haste that there was no time to destroy them. At one point thousands of boxes of projectiles, handgrenades, rockets, shoes, rifles and helmets were strewn everywhere. Some of the caverns are still packed with Austrian dead, lying on the ground. The bodies are being buried gradually.

Mule paths and the adjacent side hills are littered with unexploded projectiles which the fugitives threw away together with daggers, swords and iron-studded maces, used for dispatching the wounded. On Hill No. 562 the Italians captured three 105-millimeter cannons. Two of them were perfectly serviceable and the Italians turned them on the fleeing enemy, firing 1000 shots.

In an armored dugout near Ravenna the Italians discovered the entire equipment of an Austrian staff of brigade. The extraordinary variety of objects found testified to the haste of the retreat. It included electric lights, official documents, toilet articles, kitchen utensils, vest, and even love letters. Ravenna was the Austrian center of supplies for engineer troops and nearby were found stores of picks, shovels, hose and wire-cutters, entire outfits of electric equipments, miles of steel rails and innumerable rolls of barbed wire.

## CRIME RAMPANT IN AKRON.

(Associated Press Telegram)  
Akron, Sept. 5.—Burglars carried out a 600 pound safe containing about \$700 from an Acme grocery store in Akron early today. The safe was found about two miles from the scene of the burglary. It had been blown open and the money was taken. Another grocery store nearby was broken into but nothing stolen. The owner of a saloon, Henry Few was held up by masked men when he opened the saloon this morning. The robbers took \$17 from Few. In another saloon burglars took over \$100.

## WILLARD URGES THE NATION TO BE SELF-DENYING

Daniel Willard.

Daniel Willard, chairman of the national council of defense, who since our entry into the war has been active in the very midst of the country's war preparation, declares that if America's whole energies are to be devoted to winning the war there must be the help of every individual. "Whatever any man undertakes," says Willard, "let him ask himself: 'Will this help America win the war?'"

## JAPANESE ENVOY WARNS OF ENEMIES CAUSING TROUBLE

(Associated Press Telegram)  
Washington, Sept. 5.—Viscount Ishii delivered Japan's message of friendship and co-operation to the United States before the house of representatives today in company with the other members of the Japanese mission. He gave a solemn warning that enemies of both countries were working to estrange them and expressed his confidence that the friendship of the nations would prevail over the intrigue.

Introduced by Speaker Clark in a few words, Viscount Ishii was received with a great demonstration from the floor and crowded galleries. He said in part:

"I thank you most sincerely for this gracious reception. The rare opportunity thus afforded to me is deeply appreciated throughout the nation. I have the honor to represent. I bring a message, borne by us across and ocean and a continent from the emperor and the people of our beloved island set in the far eastern Pacific, to the president of the United States and to you, the representatives of the greatest republic on earth today. A potent factor for liberty throughout the world.

"Our message reiterates an assurance of unchanged sincerity of friendship well understood by the people of the United States, but it is a message which has never found opportunity such as this for delivery.

"We would not have travelled ten thousand miles merely to repeat what must have sufficiently impressed itself upon you, but that within the last few months a new day has dawned. A day welcomed indeed by us. It follows upon another when you, with magnificent forbearance, endured great wrongs and outrages in the hope that recourse to the sword might be avoided. It was a day in which you bore the pitiless cruelty of the willful aggressor of all human rights—bore it bravely and with fortitude until the star of hope vanished and toleration ceased to be a virtue. Then, in the dawning of this day, you arose and threw your mighty forces into the balance against the wrong in favor of the right.

"In this dawning the stars and stripes flung across the skies, were entwined with the emblem of the rising sun and so commend the brighter day. That is why we are here. We come to bring to you the message of our emperor which gives you assurance of the comradeship and the co-operation of Japan throughout this day. We are here to say that, with the other allies, we heartily welcome the advent of the United States in the fields of France and elsewhere. We recognize the great uplift given to humanity and the promise of a physical victory doubly insured by the most momentous decision you have taken.

"We bring to you assurance of support. Yours are vast resources, ours may be small, but we can say to you that the spirit of Japan burns as ardently and will last as long as may be demanded in this war. We come to say to you that we are proud of this day to stand shoulder to shoulder with the soldiers of America."

## FEDERAL BANK BRANCH.

(Associated Press Telegram)  
Washington, Sept. 5.—Establishment at Denver of a branch of the Kansas City federal reserve bank has been approved by the federal reserve board. Organization of the new bank probably will be completed within three weeks.

## AUGUST SUBMARINE REMOVED.

(Associated Press Telegram)  
Copenhagen, Sept. 5.—Captain von Kneiwitz, the naval expert of the Berlin Lokai Anzeiger writes that he expects the submarine sinkings during August to reach 150,000 tons.

## ELEVEN DEAD IN RAID ON LONDON BY ENEMY PLANES

**British Bring Down One  
Raider On Coast After  
Chase**

**THIRD RAID IN ENGLAND  
IN LAST THREE DAYS**

**Attacking Machines Flew at  
Great Height and Were  
Not Visible**

(Associated Press Telegram)  
London, Sept. 5.—The first moonlight air raid over the London district occurred about midnight last night and resulted in the dropping of bombs, but the full extent of the damage is yet unknown and no casualties have been reported.

Eleven persons were killed and 62 injured in the raid. One raider is reported to have been brought down off Sheerness, it is announced officially.

One bomb fell just outside a hospital, another smashed through a theatre and still another hit a retail store in which a number of girls were sleeping. Notwithstanding the moonlight, nothing could be seen of the raiders, although their engines could be heard over head. That they were invisible was perhaps due to a slight haze which, however, was insufficient to obscure the moon. The raiders were constantly shelled by anti-aircraft guns and several British machines took the air to attack the invaders.

The streets were practically deserted at the time of the raid, it being long after theatre hours. The few late street cars that were running either put out their lights or hid in a side street. A message from a southeastern district says that apparently the invaders crossed the North Sea in three successive groups and that all were severely shelled both arriving and returning.

The streets were filled with curious crowds until the early hours today inspecting the damage from last night's air raids over the London district. More bombs appear to have fallen in the streets than in the buildings. The Chronicle estimates that eight or ten raiders visited London.

There were two separate attacks over the London district, the second occurring about 1 o'clock this morning. Some people claim to have seen a half dozen airplanes but they were quickly lost sight of in the darkness.

(Continued on Page 2, Col. 1.)

## HAMILTON'S MAYOR CLOSES THAT TOWN TIGHT ON SUNDAYS

Hamilton, Sept. 5.—"I didn't put the laws upon the statute books of Ohio, nor upon the ordinance books of Hamilton, but I will enforce them," the mayor said today.

On Sundays everything will be closed except the drug stores for the filling of prescriptions. Milk wagons will be permitted to operate and Sunday newspapers may be delivered—but otherwise Hamilton is to be a closed town. The mayor called every member of the police force to headquarters and issued his orders. "If there is any man here who will not strictly obey the orders I have issued I want his resignation immediately," he said. No one resigned.

Mayor Holzburger and Governor James M. Cox last week discussed the general situation in Hamilton, especially labor disturbances that had occurred here. The mayor in his order called attention to this conference and said that the governor had told him that Hamilton was the most disorderly community in the state.

"The liquor laws must be strictly enforced," he said. "There must be no sale or use of intoxicating liquors in Hamilton on Sunday, even in the exclusive clubs. Other liquor regulations must be enforced to the letter of the law. Questionable houses must be closed by Saturday midnight. All cigar stands, newsstands, confectioneries, theatres, places of amusement, billiard halls, pool rooms must be closed on Sunday."

He said that wheels of fortune, games of chance, raffles, whether conducted by a church or other organizations must be stopped.

## NO COMMITTEE TO CENSOR WAR BILLS; DEFEAT G. O. P. MOVE

Washington, Sept. 5.—House Republicans today lost their fight to amend the war bond and certificate bill so as to provide for a congressional war expenditures committee. Representative Johnson of Kentucky, chairman of the committee, who wholeheartedly supported the bill, was defeated by Democratic Leader Kitchen against two different proposals offered by Representative Gillette of Massachusetts and Representative Moore of Pennsylvania.

## KING GEORGE REVIEWS AMERICAN TROOPS IN LONDON

King George and Queen Alexandra reviewing American troops passing by Buckingham palace in London.

London recently had an opportunity to express its enthusiasm over America's entry into the war, when a contingent of American troops marched through the streets of the city and were reviewed by King George, Queen Alexandra and David Lloyd George. London turned out en masse to greet the warriors and accorded them an enthusiastic ovation all along the line of march.

## FAREWELL FOR LICKING COUNTY RECRUITS FOR NEW NATIONAL ARMY

Whereas, Within the next two weeks the recruits to the new national army from Newark and Licking county will be sent to the army cantonment at Chillicothe to be trained for service in the defense of our country, and

Whereas, The people of Newark and Licking county desire to publicly express their appreciation of the devotion to their country of these young men, the flower of our various communities. Therefore, I, Royal C. Bigbee, mayor of Newark, do call upon the Newark Council of Defense and all other patriotic, civic, commercial trades and fraternal organizations of our city and county to send representatives to a community meeting to be held in the Chamber of Commerce rooms at 8:00 o'clock this (Wednesday) evening for the purpose of making suitable farewell demonstrations. Let us continue to maintain the splendid reputation for patriotism and public service which our city and county now enjoy.

Given under my hand and seal this fifth day of September, 1917.

R. C. BIGBEE, Mayor.

## ORDER NEWARK'S FIRST CONTINGENT TO MEET THURSDAY NIGHT TO GO TO CAMP

Merrill L. Swetsery, 73, Fleek avenue.

Ralph B. Priest, 19 North Fifth street.

Wm. D. Lannigan, 7-1-2 East Church street.

Ross C. Simpson, 45 Linden avenue.

Frank E. Payne, 125 Granville street.

Victor Smith, 204 North Fourth street.

Stewart Sedgwick, 232 Hudson avenue.

Paul Mossman, 241 South Fifth street.

Claude D. Hawkins, 37 North Fifth street.

These nine young men have the honor of volunteering for immediate service in the new national army training camp at Chillicothe, and they have been directed to meet tomorrow evening at 8 o'clock. The local board has appointed Mr. Priest to have charge of the squad and to take care of their transportation from Newark to Chillicothe. The men will leave Newark at 1:45 o'clock Friday, over the B. & O. railroad.

The Newark board has named the following alternates who will go to Chillicothe Friday in case any of the above-named men are unable for any reason to go:

Lawrence B. Legge, 494 North Fourth street.

Chas. E. Graham, 321 North Eleventh street.

Bernard Kates, 251 North Fourth street.

The local draft board has received no further instructions regarding the arrangements for sending the city's and county's quota of men for the selective army at the cantonment at Chillicothe, than those made public yesterday.

The nine men will assemble at 5 o'clock when instructions will be given them. Those who have made application by card and who desire to do so will be given permission to spend the night at their homes. They will report the next morning at the draft board headquarters and will participate in the demonstration previous to their departure for Columbus.

The nature of the demonstration will be determined this evening at a meeting to be held at the Chamber of Commerce rooms. It may consist of a parade with short patriotic addresses, but the soldier boys will be made aware that hundreds of friends will wish them godspeed and a safe return.

As each man starts for Chillicothe he will be presented with one of the bronze medals with his name engraved thereon. These medals were purchased by the fund which was raised by The Advocate through popular subscription. Nearly 1400 people have thus far contributed to the fund. Four hundred medals have been received and 300 have already been distributed to Newark and Licking county men. Upon one side of the medal appears the seal of Ohio, a sailor and soldier with this lettering: "Presented by the people of Licking county, Ohio—SERVING." Upon the reverse side is the man's name and his address together with the words: "Make the world safe for democracy." There also appears a branch of a Buckeye tree. The medal is pierced in the order that it may be worn about the neck under the uniform.

Mayor Bigbee has called a meeting of every organized body in the city and county for tonight at 8 o'clock at the Chamber of Commerce rooms to plan a suitable farewell demonstration for the new soldiers who leave Friday.

This is the first contingent of Newark's quota of 186 and Licking county's quota of 156. Another contingent will leave Friday.

(Continued on Page 9, Col. 3.)

## CHARGE CANADIAN WITH ATTEMPT TO MURDER EDITOR

(Associated Press Telegram)  
Montreal, Sept. 5.—Arthur Blackwell, one of the men arrested in connection with dynamiting the residence of Lord Althelstan, who has been held on a charge of theft and having dynamite in his possession, will be charged with the attempted murder of Lord Althelstan, newspaper editor, according to a police announcement today.

The police assert that Blackwell made the bombs and lit the fuse which caused the explosion. Blackwell is said to be an expert tool maker and worked in a munition factory. His lack of knowledge of how to pack dynamite, it is declared, saved the lives of Lord Althelstan and his family.

Elie Lalumiere and a man named Trembley, two of the suspects in custody, have given valuable assistance to the police in rounding up the gang and probably will testify at the trial of Blackwell and the others.

There will be several claimants for the \$7,000 reward, including two of the men now under arrest.

## BUFFALO HERD IS MENACED BY FIRE; LIGHTNING IS CAUSE

(Associated Press Telegram)  
Salt Lake City, Sept. 5.—The largest herd of buffalo in the United States, consisting of more than 300 animals is menaced by a fire which has raged on Antelope Island, in the great Salt Lake, from early yesterday to an early hour this morning and is still burning.

In addition to the buffalo, 400 head of fine horses belonging to the United States government and being trained by six cowboys for cavalry and artillery purposes and 1200 head of cattle and other stock are in danger if the first should sweep the entire island.

The blaze was started by lightning.

## AFTER HIGHER FREIGHT RATES

(Associated Press Telegram)  
Columbus, Sept. 5.—Ohio railroads today renewed their fight for an upward revision of freight rates when the state public utilities commission resumed hearing their application for a 15 per cent advance. Many prominent railway men were present at the hearing.

## GERMANS READY TO FALL BACK IN BELGIAN SECTOR

**Civilians Removed From  
Flanders District Threatened  
By Allied Drive**

**ITALY'S PUSH PROGRESSES  
CADORNA TAKES PRISONERS**

**Frequent Air Raids Over  
England Arouse Public  
and the Press**

(Associated Press Telegram)  
London, Sept. 5.—Scarborough on the English east coast was bombarded last night by a hostile submarine. It was officially announced today. About half the shells in the thirty rounds fired from the undersea boat landed, three persons being killed and five injured, but little material damage being caused.

(Associated Press Telegram)  
New York, Sept. 5.—Italy's long years of preparations and General Cadorna's strategy and ability as a commander continue to bear fruit in the great offensive the Italian armies are now waging for Trieste.

Although official announcement is lacking there seems little reason to question dispatches from various sources that Monte San Gabriele, the last of the Austrian strongholds in the Gorizia district has been taken by the valorous Italian troops, giving them possession of the entire chain of hills dominating the Gorizia area.

This immense in fact, has been virtually the money of the Italians since the fall of Monte Santo, its neighboring stronghold. Now that his troops have taken it, the way seems cleared for General Cadorna to complete his domination of the Bainsizza plateau and push on into the Chiapavono, driving a wedge in between the Austrian northern and southern armies on the Isonzo front and severing their lines of communication with each other.

With the taking of Monte San Gabriele the capture of 9500 prisoners and probably all the remaining Austrian garrison with 32 officers is reported.

On the Franco-British front the British half of shells being dropped on the German lines in Flanders is causing the Germans to contemplate abandoning a wide expanse of territory there now being swept by General Haig's big guns, and those of the French co-operating with him in the Belgian campaign.

The launching of the next entente push here is apparently imminent and as a measure of preparation the Germans are reported to be removing the civilian population of a district in the Belgian campaign.

(Continued on Page 9, Col. 2.)

## LABOR ALLIANCE DENOUNCES PEACE COUNCIL MOTIVES

(Associated Press Telegram)  
Minneapolis, Sept. 5.—The American Alliance for Labor and Democracy, organized to counter act the activities of pacifists and pro-German propagandists and to bring the nation's labor forces up solidly behind the government in its prosecution of the war, opened a three day loyalty conference here today.

E. G. Hall, president of the state federation of labor, called the meeting to order. After the appointment of a committee on permanent organization, the delegates planned to recess until mid afternoon and then receive the committee's report which was to be followed by an address by Samuel Gompers, president of the American Federation of Labor.

Speakers at today's session denounced the activities of the Peoples Council of America for Democracy and terms of peace, which was barred from holding its proposed national peace conference in Minnesota. The motives of its leaders were sharply questioned.

John Spargo, one of the former leaders of the Socialist party, who left the organization because of its stand on the war, declared that several weeks ago reports reached troops in Russia that American labor bodies would demand peace through the peoples council meeting.

"What can help the enemy more than such startling reports arising as they do from the activities of these pro-German organizations," said Mr. Spargo. "It has even been reported that some of Kerensky's troops anxiously awaited the outcome of this advertised 'peace conference.'"

It was confidently predicted by leaders, that as a result of the work of the alliance and other similar organizations, the activities of pro-Germans will be curbed to such a degree that in three months, there will be no disloyal utterances in any part of the country.

## CARRIEN MANY PASSENGERS.

New York, Sept. 5.—More than seven times the population of the United States has carried on the elevated and subway lines during the year ending June 30, according to the annual report of the Interborough Rapid Transit company made public here today. The report shows that 763,574,055 persons were carried, an increase of 79,321,371 over the preceding year.

## MICHAELIS CLAIMS TRIAL DISCLOSES SLAVS CAUSED WAR

(Associated Press Telegram)  
Amsterdam, Sept. 5.—In an interview with a representative of the press the German chancellor, Dr. George Michaelis has made a statement in regard to the disclosures at the trial at Petrograd for high treason of General Soukhomlinoff, former minister of war.

Great prominence has been given in the German press recently to testimony said to have been taken at the Soukhomlinoff trial tending to show Russia's responsibility for the beginning of the war. Accounts of the trial reaching this country have not contained such testimony. The chancellor said:

"The statements of the former Russian war minister and the former chief of the general staff (General Januschkevitch) are of the greatest importance. They are calculated chiefly to destroy the legend of Germany's guilt in starting the war and they will force European opinion if the reports are allowed to be published abroad, to revise its judgment on Germany."

"The moment at which these disclosures were made is the more favorable as we have just had knowledge of the American reply to the pope's note urging peace. In Secretary Lansing's answer the German government is described as an irresponsible government which secretly planned to dominate the world, which chose its own time for the war and cruelly and suddenly executed its plan; which did not heed legal barriers or truthfulness; which flooded a great continent with blood, not only of soldiers, but of innocent women and children, the helpless and the poor. When adopting these accusations from the entente factory of calumnies the American government obviously had no knowledge of the course of the proceedings against General Soukhomlinoff. Otherwise its judgment would certainly have been quite different."

"It certainly is now established irrefutably," Dr. Michaelis said further, "that it was not Germany which chose the time for the war, but the military party surrounding the czar, who was under the influence of France and England. It was well known that the German emperor, who before the war clearly and on every occasion expressed his own desire and that of the German people for peace, especially regarding Russia, was surprised by the events which occurred during his pleasure trip in Scandinavian waters. Up to the last moment, in the exchange of telegrams with the emperor of Russia and the king of England, he made the most earnest and fervent attempts in the interest of peace."

"The fact is that the czar, who had to decide as to war or peace; in fact, came to the conviction from the German emperor's efforts, that Germany did not desire war. The consequence of this conviction was his positive order to cancel the Russian mobilization, but a couple of criminals who belied the czar, disregarded the order and thwarted its execution. A consequence of the emperor's efforts also was the czar's order to General Januschkevitch to give the German ambassador, Count von Pourtales, assurances of Russia's desire for peace."

## NO SUCH DISCLOSURES.

(Associated Press Telegram)  
Washington, Sept. 5.—At the state department today it was said this government had no knowledge of any such disclosures as referred to by Chancellor Michaelis and was not in possession of any of the evidence taken at the Soukhomlinoff trial.

## FRANCE AND ENGLAND GET ANOTHER LOAN; TOTAL NOW 2 BILLION

(Associated Press Telegram)  
Washington, Sept. 5.—Loans of \$100,000,000 each to Great Britain and France were made by the government today bringing the total advanced the allies up to \$2,200,000,000.

## SCHOOL BOARD PAYS \$4.40 TON FOR COAL; 3 NEW TEACHERS

The board of education at last night's meeting accepted the offer of W. T. Holliday to furnish 700 tons of coal (Hawthorne smokeless) at \$4.40 per ton, delivered at the various buildings as needed during the months of September and October. This was considered the best position as to coal supply that has yet been submitted. President Wm. E. Miller called the meeting to order, with members J. M. Mitchell, B. W. Haight and Clerk Ben Montgomery present, member W. C. Christian being absent.

The janitorships of the high school and Woodside buildings were transferred, Jod E. Priest being employed at the high school at a salary of \$100 per month, with four women assistants instead of three, while Allen Mitchell was re-employed at Woodside with an increase of \$5 per month. An increase of \$5 per month was granted Janitors Brillhart at Mound street, who will receive \$75 per month; Robinson of Mahon, \$70 per month; Turner of the Hartzler building, \$80 per month. These increases take effect September 1.

Superintendent Hawkins reported that the first day the enrollment in the high school was 725, which is 50 over the first day of last year. The enrollment in the grade schools is not increased. The total enrollment will be about 4500. Yesterday saw the biggest freshman class in the history of the high school.

Superintendent Hawkins reported every teacher on duty, except Miss Pearl Mercer of the high school, whose place was taken by Miss Myrtle Moore at a salary of \$815 per year; Miss Alice Simpson, who taught the first grade, was granted a year's leave of absence, and Miss Gladys Keenan was appointed in her stead at a salary of \$500 per year.

H. M. Beatty, who has been for six years a teacher in the high school, goes to Urbana, and Chas. Buell, a Licking county man, was employed at the same salary—\$1220 a year.

Prof. O. J. Barnes' term as city school examiner having expired, upon motion of Supt. Wilson Hawkins, he was reappointed for three years.

Miss Leah Orr, assistant in Prof. Barnes' office, was granted an increase of \$1 a week, making her salary \$9 per week.

Frank Handel, superintendent of buildings, reported that all buildings under his care were in fine shape and ready at any time for their equipment of coal.

Bills to the amount of \$1018.10 were read by Clerk Montgomery and ordered paid by the board.

## SEVENTH REGIMENT FIELD MUSIC ON VICTOR RECORDS

The field music played by the band of the Seventh Regiment of the National Guard of New York will stir the blood of every patriotic American, for the music is truly something quite as exciting as the bugle and the drums and fife. On another record, Captain W. G. Johnson gives authoritative versions of the U. S. army bugle calls. Bugle calls are also in evidence in two stirring marches—"Goodbye Dolly Gray" and "Battle of Gettysburg" by Conway's band.

## M. P. CONFERENCE OPENS

Mt. Vernon, Sept. 5.—The seventy-fifth session of the Muskingum annual conference of the Methodist Episcopal church opened here last night with Rev. D. C. Coburn presiding. The initial sermon was by Rev. L. R. Pool of Pleasantville. The conference was organized here 75 years ago. The celebration of the diamond anniversary will be Thursday evening.

## KILLS SELF WITH PISTOL

Uhrichville, Sept. 5.—Ill health yesterday caused James J. Makurle, aged 54, a retired manufacturer, to kill himself. With a pistol he fired a bullet into his right temple. He survived by his widow's daughter, brother and three sisters. The interment will be made in Columbus.

Williams whose residence is unknown, is hereby notified that Katherine Williams has filed her petition against him for divorce and custody of child in case number 13,500 of the Probate Court, Licking County, Ohio, and that said cause will be for hearing on and after the 12th day of September, A. D. 1915.

Katherine Williams, By Charles W. Miller, Her Attorney.

8-1-Wed. 15

## SOLDIERS' MEDALS

Editor of The Advocate—By this letter I want to thank you and the people of Licking county for the medal I received this morning, and of which I have every reason to be proud. I will wear it as long as I can. And again I want to thank you and the people of Licking county and Newark, and I promise to do my bit to make Licking one of the most helping counties in the good old state of Ohio. Yours truly, Thos. J. Worth, U. S. S. North Dakota, care Postmaster, New York City.

Editor of The Advocate—I am sorry I did not acknowledge receipt of the medal you sent me at an earlier date. I certainly deem it an honor to receive a medal from Licking county. It makes me feel that there is somebody who appreciates the duty that I and so many other young men are performing. The lady that sent my name in did not get it spelled just right. She had it Carl Lind. Now if you know of any way that it could be changed, please let me know. I will be willing to pay all the costs for having it changed. Yours respectfully, Carl W. Lind, Co. B, Military Police, Military Station, Columbus, O.

If Mr. Lind will return the medal to The Advocate we shall have the engraving corrected without cost to him.

Editor of The Advocate—I received the medal that you sent yesterday. It is far nicer than any other medals given that I have seen of the kind. I will close, thanking all of the Licking county contributors. Yours respectfully, Edward L. Hook, Co. B, 166th Infantry, Camp Perry, O.

Editor of The Advocate—I have received the Licking county medal and will be proud to wear it as one of the "boys" from Newark. I send two names of Newark boys who have received no medals: Cyrus E. Hay and Harold Solinger of Headquarters Co., 166th Infantry, Camp Perry, O. Andrew Callahan, Headquarters Co., 166th Infantry, Camp Perry, O.

Editor of The Advocate—Please express through your columns my thanks for the medal I received some time ago. I am very much pleased with it, not for the medal so much, but for what it means, and the thoughtfulness of Licking county people. I don't know of any Newark boys here as nearly all the boys are from Columbus. Very truly yours, Eida A. Herr, Camp Sheridan, Medical Attachment of Supply Trains, Montgomery, Ala.

## AFTER VACATION FEEL YOUR DISCOLORED SKIN

Women returning from the seaside with browned, reddened or freckled complexions will be wise in immediately taking up the mercolized wax treatment. Weatherbeaten skin has best come off for no amount of beautifying will ever make such skin pretty to look at. The mercolized wax is with the treatment suggested, to be used before retiring, as you would cold cream, and in the morning with warm water. Minute particles of wax skin will peel off day by day, gradually showing the healthy, youthful skin beneath. One ounce of mercolized wax, obtainable at any drug store, is enough to make any discolored or spotted complexion clear, white and satiny soft. Its action is so gentle no harm is caused and the face shows no trace of its use. Advt.

## BROKE KNEE CAP AND NERVES WENT ALL TO PIECES

Two Bottle of Nerv-Worth Drove Resistant Ills Out of M. J. Golden's System.

They were serious ill as Mr. Golden's signed statement, made a few days ago, fully proves: "I have used two bottles of Nerv-Worth and it has given me excellent results. Was very nervous, caused by the breaking of my knee-cap last winter. My liver and kidneys were effected and Nerv-Worth also relieved the distress of these organs. I feel stronger and better than for a long time. I can sleep better and appetite and digestion are much improved. THE GREAT CURATIVE POWERS OF NERV-WORTH HAVE SURELY BEEN OF GREAT BENEFIT TO ME."

M. E. GOLDEN, "139 Church St., Washington, Pa." Druggist T. J. Evans sells Nerv-Worth in Newark. Your dollar back if it does not do for you what it has done for thousands of others. At Hebron, the Hebron Drug Store sells Nerv-Worth; at Utica, the Utica drug store; at Granville, W. P. Ullman; at Johnstown, C. S. Howard. Advertisement. 9-5-7

## MAXWELL SUPREMACY

Are you about to purchase an automobile? You want a car that will give you the most service for the money you spend. For an all-around car you cannot do better than buy a Maxwell. It is the car that will serve you best. It is economical in the consumption of gasoline as recently shown by tests here in Licking county as well as all over the United States. Come to Roy J. Baird, 56 West Main street, and let him demonstrate to you that the Maxwell is the car best suited to your needs, or ask a Maxwell owner, 1915 model on display.

Fall with its many hues and colors will soon be here. You want flowers for decorations and you can secure them at The Arcade Florists.

## McBRIDE FACTORY READY IN 2 WEEKS; MANY APPLICATIONS

C. L. McBride, President of the C. L. McBride Manufacturing Company, of Toledo, is here a few days superintending the remodeling of the building on South Fourth street to be occupied by his plant which was located in Newark through efforts of the Chamber of Commerce. Mr. McBride says the plant will begin operations Monday, September 17.

More than fifty women have made application for work of whom ninety per cent are persons not employed in any local industrial plants, who are attracted by the new kind of work. These employees will be broken in by Superintendent Charles Miller, brought here from Toledo, as fast as machines can be obtained from the manufacturers. The first battery of 56 machines will be installed during the remainder of this month and the first consignment has arrived.

The second floor of the old Styron-Beggs building, which will house the new plant, will be the operating room and has capacity for 154 machines. These will all be in operation by the first of the year, when the company expects to have 200 employees. The first floor will be occupied by the offices, cutting, packing and store rooms.

Superintendent Miller and J. T. Stuck of Newark, one of the company's salesmen, will supervise the installation of the machinery and inspect candidates for employment. Mr. McBride stated today that the company anticipates little trouble obtaining the required help and is arranging to train unskilled operators. By the first of the year the company expects to have a force that will add \$125,000 to Newark's annual payroll.

He was accompanied on this trip by W. L. Holbrook, a Toledo capitalist and real estate man, father of Ralph S. Holbrook, Secretary of the McBride Manufacturing Company. The elder Mr. Holbrook was a student at Denison University 50 years ago and enjoyed his visit to the old college and to Newark.

## FULTON ASKED TO KILL PETITIONS FOR SUFF REFERENCE

Columbus, O., Sept. 5.—Return to the respective counties of the state of all Reynolds bill referendum petitions, so that they may be examined further by boards of elections and the courts, as to alleged irregularities, is the demand made upon Secretary of State Fulton by the Ohio Woman's Suffrage Association. In a petition filed with the secretary of state yesterday by Mrs. Harriet Taylor Upton, Warren, president of the association; Miss Zara DuPont, Cleveland, and Mrs. Dora Sandoe Bachman, Columbus, request is made for a hearing, at which the suffragists mean to present proof that the referendum petitions are full of irregularities.

It is doubted whether Fulton will heed the demand for return of all petitions. He likely will rule that the action of boards of election in certifying petitions to him is final unless it is shown for specific counties that the petitions, or the certificates accompanying them, are "insufficient."

## REES REUNION

The eighth annual reunion of the Theophilus Rees family was held at Moundbuilders Park on Thursday, August 30. On account of the threatening weather the attendance was not as large as usual. At noon a beautiful dinner was served, after which a short program was carried out and the following officers were elected: President, Cap. Morris Rees, of Pemberville, O.; vice president, T. Rees Williams of Columbus; secretary-treasurer, Miss Clara Rees of Hebron. The next reunion will be held at the same place on the second Thursday in August, 1918.

## RUINED

Another valuable automobile ruined and the lives of the occupants endangered just because the owner of the machine was not particular about the kind of tires he selected. Pennsylvania Vacuum Cup Tires will save you the loss of a machine and possibly your life. It is important that you investigate before you buy another tire. Come to S. M. Wolfe's, 59 Hudson avenue, and ask him about these tires. If your old tires need repairing, bring them here where you get and experienced man to do the work. Tires rebuilt last hundreds of miles longer and are inexpensive.

## AMBITION PILLS FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all in, despondent people in a few days.

Anyone can buy a box for only 50 cents, and T. J. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased. Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid. Fifty cents at T. J. Evans and dealers everywhere. Advertisement.

## Buy IDEAL heating NOW!

Remember that the house is for seven months to be a winter abode. Winter means the test of your judgment as to comfort, so make up your mind early that you will have IDEAL-AMERICAN heating—the kind that the experience and judgment of thousands of owners of IDEAL-AMERICAN heating outfits has shown to be the most economical, most durable, and most comfortable.

With a spirit of preparation in the air, it is wise for you to look forward to the fitting of your old or new house with one of these labor and fuel saving heating outfits.

## AMERICAN & IDEAL RADIATORS & BOILERS

Coal is a large item in the family budget—so be wise and choose the IDEAL-AMERICAN heating outfit which will exactly suit your needs and get the utmost heat out of the smallest amount of fuel. You can economize greatly by burning cheaper grades of fuel, for IDEAL Boilers burn all kinds of hard and soft coal, wood, lignite, pea coal, screenings, gas, oil, coke, etc.

## Don't wait for the rush of Fall to put in IDEAL heating

The exact and scientific proportions in the construction of an IDEAL boiler, make it a heat producer unequalled by any other device. IDEAL fire pots will hold fuel charges to last 24 hours and the delicate draft control gives a regulation of the heat that keeps each step with the demands of the weather. No need to over-heat or under-heat with an IDEAL boiler and thus waste valuable fuel. We have yet to hear of an IDEAL boiler or an AMERICAN radiator that is "really worn out." They give perfect heat service as long as you live.

## Easily put in all kinds of buildings

Cottages, residences, stores, hotels, theatres, churches, schools, clubs, hospitals, greenhouses, etc., are readily equipped and served with heat at the minimum cost.

Phone your dealer today for an estimate on putting IDEAL-AMERICAN heating in your building. Send for catalog "IDEAL HEATING"—full of valuable hints and illustrations—should be read by every one interested in economical comfort.

## Arco Wand Vacuum Cleaner now sold by dealers on easy payments

Installed in any new or old building without tearing up anything. Now also made in two-sweeper size for apartments, hotels, office buildings, etc. Lasts for years—always ready for most thorough cleaning. Fully guaranteed, in sizes at \$175 up. Sold on Easy Payment Plan. Send for catalog and know why the ARCO WAND Vacuum Cleaner is best to buy.

Sold by all dealers. No exclusive agents.

## AMERICAN RADIATOR COMPANY

Public showrooms at Chicago, New York, Boston, Providence, Worcester, Philadelphia, Harrisburg, Newark, Wilkes-Barre, Baltimore, Washington, Richmond, Albany, Syracuse, Rochester, Buffalo, Cleveland, Atlanta, Cincinnati, St. Louis, Kansas City, Des Moines, Omaha, Denver, San Francisco, Los Angeles, Seattle, Spokane, Portland, Toronto, Bradford (Ont.).

Write Department N-19 300 Wood Street Pittsburgh

## SWEET CREAM ANNOUNCEMENT

We are now buying sweet cream at our Newark plant. This cream must be delivered daily and produced upon farms complying with our dairy requirements. Call and get our price. We pay a very extra price for these goods. You who live out a distance, but who are near the interurban or steam roads, should be specially interested in this proposition.

This is a fine opportunity for producers who live in groups to do their hauling jointly, either to a shipping point or direct to our Newark plant, each taking his turn. This effort will be well paid for. This is the day of the quality article and fresh, sanitary cream is bound to command the highest price. We are specialists in the buying and distributing of sweet cream. We also want to buy more milk. Call at our office. THE LICKING CREAMERY CO. Elmwood Court. 5-9wed-15

## NO DUST OR DIRT

You know what a nuisance and how disagreeable it is to have a ton of coal unloaded at your home when the coal is dirty and dusty and litters up everything. You need not have this experience if you order a ton of Dixie coal from the Dixie Coal Co. Dixie is that good coal that does not clog up the furnace or litter up the house with soot and dust. We want you to try a ton and become one of our enthusiastic customers. You will, too, after you have used Dixie coal once.

## AMBITION SALTS

Gives You a Clear Head and a Good Appetite in the Morning

You need these to start with. You can't do business right if you start the day wrong. AMBITION SALTS is the greatest rectifier of mistakes of eating or drinking the night before. If you dine not wisely but too well, take AMBITION SALTS before going to bed. You will wake up in the morning with your head clear, your stomach feeling fine, your eyes bright with the sparkle of health and energy. You will enjoy your work and do it well.

AMBITION SALTS is pleasant to take, acts quickly, no pain or discomfort. A large bottle at T. J. Evans for only fifty cents, and it is guaranteed to be the finest sort of remedy at all times for indigestion, headache, biliousness, constipation, acid stomach, sluggish liver, kidney troubles and malaria. It drives acid from the system, makes the blood pure—and pure blood means health.

Your money back on the first bottle purchased from T. J. Evans if you are not satisfied. (Advt.)

As long as coal operators are making plenty of money, they are unable to see why everyone else is not satisfied.

One dollar a dozen will be awfully high for eggs, but some people may consider them worth it to throw at good fat pacifists.

The neutrals argue that positively they aren't shipping anything to the Germans, and anyway they have to ship to them or get wiped out.

If you see a really burped up and tired looking man, he is probably one of those who have just got back from a restful vacation.

Most of the Suffragette picketers about the White House having been arrested, the object of their demonstration has been accomplished.

As those 50,000 Chinese soldiers that have been offered us are all provided with chopsticks, it is probably correct to say they are armed to the teeth.

The intelligent editors of the newspapers of Germany will know what to say about President Wilson's note to Pope Benedict as soon as the Kaiser has read it.

After a man has had to hang to the straps in these crowded trolley cars, he feels glad that his ancestor the monkey had plenty of practice swinging around in the trees.

Germany has already a debt of \$30,000,000,000, but their people consider it worth it to have prevented themselves from getting any rights of self government.

Our boys will put some dandy inshoot curves on those bombs when they get to the trenches, and there won't be any miserable umpire to call half of them "balls" either.

A man who is six feet eight inches tall was refused by the exemption board the other day, but probably he does not feel as tall as the boy who is just trying on his new school suit with long trousers.

The dictionary directs one to pronounce cantonnement with accent upon the first syllable, but army men who ought to know place the accent upon the second syllable with a long o and they say that the next dictionary will so direct.

Now the coal miners, railroad men, and factory operatives demand more pay to meet the higher cost of food, and next the food producers will demand higher prices to pay for the increased wages of the coal miners, railroad men, and factory operatives.

## SHORTAGE OF DOCTORS?

Objection has been raised to the drafting of medical students, on the ground that a shortage of physicians is probable in this country, as the result of the great number who are going with the army for hospital service.

In peace times the medical profession has been overcrowded. There are never any too many first doctors. In most large towns and cities the practice is largely in the hands of a very few men while the others have to struggle for a living. The men who are serving in the war hospitals should not be running any great risks. After the war they ought to return better than ever, with a great deal of experience in operations, and the advantages of a broad experience.

Thus the community should be better equipped with medical skill than ever before, even if many of the students go into the trenches.

## Daily History Class Sept. 5.

- 1548—Catherine Parr (Germour), sixth wife and widow of Henry VIII, died.
- 1857—Auguste Comte, French metaphysician and founder of the positivist school, died.
- 1914—President Wilson tendered his good offices to European belligerents.
- 1916—Von Mackensen's army captured Turtukan, on the Danube, with 20,000 Roumanian prisoners.

## PROTECTING OUR CITIZENS.

It is the request of our government that all agencies for forming public opinion, including of course newspapers, should take occasion to speak of the cause of the war, so that all our people may have a clear idea of just what we are fighting for.

The first end in view is to protect our citizens. Our people have been foully murdered while exercising their right to traverse the high seas. These people were not in most cases bent on frivolous errands, as some of our enemies assert. Many of them were innocent women and children. Others were men on business errands, seeking orders and material with which to keep our factories running and our work people employed. Many others were hard working mechanics, diligently plying their vocations as seamen, stokers, etc.

It makes no difference that some of these ships were carrying munitions. They had a right to carry them. It has always been agreed that a neutral power had the right to sell munitions to a belligerent. Germany has often exercised the same right when she was a neutral in previous wars.

These people had just as much right to travel on those ships as a citizen of this place has to walk on the public highways of this town. When they were killed, it was foul murder, contrary to all laws of God and man.

If a nation is going to command any respect at all, it must protect its citizens when they are engaged in lawful pursuits. If the American flag stands for nothing, if any people can trample it in the dirt, if business and working men can not leave the country on lawful errands, we must expect to degenerate into a second rate power. No one will pay any attention to us and the world will regard our talk as bluff. If we had years ago taken a more decided stand, Germany would not have dared kill our citizens and defy us. It is time to demonstrate that the American flag can not be spat upon with impunity.

## UNIQUE SENTENCE FOR SPEEDERS.

(Pittsburg Gazette-Times.)

That was a unique sentence imposed by a San Francisco police judge upon some automobile speeders convicted in his court this week. After collecting the usual fines he ordered that they be taken to the city morgue. On a marble slab were the crushed bodies of a baby boy and girl who had been killed by an automobile. "That is what might have been in your cases," said the judge. "Some day your speeders may be in court for killing just such beautiful children." It was an impressive lesson, and we may be sure those particular drivers will again be guilty of ignoring laws made for the public safety. A careful driver may with impunity exceed the 12, 15 or 20 miles speed permitted in cities and towns, but if he does so his violation of law is an example that will not be resisted by a less careful driver, and avoidable accidents are the inevitable result. If every violator of the speed regulations—whether an accident occur or not—were given the object lesson taught by the San Francisco police judge, it would be more effective than the payment of the usual fine.

## PENALIZING PUBLISHERS.

(New York World.)

Senator Harding expresses his inability to understand why the newspapers and periodicals of the country should be singled out for a special tax on their net incomes in addition to all the taxes that other industries pay. There is no economic reason. The answer must be sought in the fact that congress has power to levy discriminatory taxes, and various statesmen have decided that this is an opportunity to pay off their grudges. We know of no other explanation.

Newspapers have no war profits. On the contrary, they have suffered enormous losses on account of the war and will continue to suffer enormous losses. The more that circulation increases the worse off they are as a class. Yet all the ingenuity of congress is directed to increasing their difficulties and penalizing them for existing.

If congress wished to levy an additional 5 per cent tax on the net income of every business, industry and profession, that at least would be defensible in equity, whatever else might be said against it. But why are publishers alone discriminated against in taxation?

## FOILING THE SUBMARINES.

(Philadelphia Record.)

The results thus far of the participation of the American navy in the European war, as detailed by Admiral Benson, chief of naval operations, have been such as to reflect great credit upon our sea fighters and to be a source of pride and pleasure to all patriotic spirits. No great spectacular feats have been accomplished, and none were expected. But much has been done none the less. Merchant vessels have been conveyed with such success that the losses have been less than one-half of 1 per cent, and ingenious measures have been devised for combating the German submarines. Possibly it was only a coincidence, but it is worth noting that with the entry of the American destroyers into action in the first week of May the very real menace of the undersea campaign began to lose its terrors. No one now regards England as being seriously threatened with starvation, and to this result the American navy has contributed as little, as the British admiralty cheerfully admits.

In Admiral Benson's summary of our naval doings it is noticeable that the most important achievement to one of its most important achievements—the safe convey of the American expeditionary force sent abroad. Since then, there is every reason to believe, many thousands more men have made the passage of the Atlantic, always under the protection of the navy. No transport has been sunk, and since the attack on the

first expedition it is not known that an American vessel has been in serious danger. For all this we may thank the very capable officers and men of the cruisers and destroyers, who have kept such vigilant watch over the seas.

Admiral Benson is clearly an optimist regarding the success of the anti-submarine campaign. If that is the view of the experts best acquainted with the facts civilians have no cause to be discouraged. The ruthless policy of the Germans has now been in operation just seven months, and so far as its primary purpose is concerned must be regarded as a failure. The submarines are still sinking merchant vessels, but the view of Admiral Benson and other high naval officers, that the protective measures now employed, to say nothing of future discoveries, are sufficient to make impossible that degree of destruction on which the Germans counted for the success of their brutal and practical campaign against both belligerents and neutrals.

## Spirit of the Press

Maryland's Experiment.

Maryland, finding itself in a serious situation from labor shortage, is trying an experiment in this compulsory work law. It is extending the military principle to labor, asserting the right of the state to compel labor as it compels military service. Other states are working in the same direction. Discussion of the idea is becoming general. Questions of personal rights, of individual preferences, inclinations, abilities and the like complicate the discussion and may operate to hamper compulsory work laws, but they are evidently going to be given wide and thorough trial. If they succeed a departure in American ways will have come to pass.—Detroit Free Press.

## Women's Dress.

The subject of immodest dress has been so persistently pursued by this department that I feel nothing should be written on it this week save to congratulate the organization of noble women (Fourth District Ladies' Auxiliary to Knights of St. John) who have given serious thought to the matter and now fearlessly announce their emphatic disapproval of woman's present-day lack of restraint. Resolution parents action and it is to be hoped that much practical good will come of the Auxiliary's first step in the right direction.—Catholic Columbian.

## He Lives in This Town.

Vice President Marshall declares that the polliest man lives in Newark, Ohio. Mr. Marshall made a campaign speech there last fall when he was about half through, a man made his way quickly from the rear of the room up to the edge of the platform, waiting, until Mr. Marshall paused to swallow, at the end of the paragraph, and then offered to shake hands with the vice president. "I'm sorry, but I'll have to bid you good night," the man said. "I've got to go home now."—F. C. Kelly in Collier's Weekly.

## The Alternative.

The President has boldly told the Kaiser that we cannot believe him under oath and we won't agree to any peace that depends upon his word. If we get the inner consciousness of the German people we will trust that, but no more Hohenzollernism or family deity in the international relation The German military autocracy must end with this war. That is what we all if the war costs billions and lasts years.—Ohio State Journal.

## Police Intelligence Needed.

The Houston riot is the result of booze, stupidity and the lack of a policeman recognizing the dignity of his own work. According to the evidence of Maj. Snow, United States Army officer—and evidently a good one—a policeman arrested a Negro woman and then he slapped her. A Negro soldier-policeman said something about it, and two policemen set on him and beat him up and fired on him. Then a general fight ensued. Then racial blood got up. The Negro soldiers ran back, and the business of the South depends upon the conduct and intelligence of the white people. Therefore the duty rests upon the white people to see to it that there is peace and order in this entire country.—Memphis Commercial Appeal.

## Giving Our Best.

Those of us who set up in our minds a standard of excellence and keep it there day in and day out will never be satisfied unless we constantly respond to the demands. Once we acquire the habit of working with the idea of giving our best always we will not feel quite comfortable if we do less, and it is in our work as well as in our general conduct that such a standard is so essential.—Charleston News and Courier.

## Decreasing Supply of Meats.

In setting out to bring about an increase in the supply of meats, the government encounters probably the most difficult of the problems that the war has brought upon it. Or perhaps it is a mistake. The inadequacy of the meat supplies began to be felt long before the war began, and had even become acute before then. The war has only intensified it, by working both to increase the demand and to decrease the supply. It is hardly possible that, despite the best that can be done, during the progress of the war, we can increase the supply sufficiently to keep pace with the demand. The likelihood is that, at the end of the war, the scarcity of meats will not only be greater than it was before the war, but greater than it is now. The prospect is, in other words, that we shall experience still greater scarcity before we shall have relief.—Galveston News.

What a glorious old world this would be could we but take our vacations without having to undergo the recuperation aftermath!—Marion Star.

## A GERMAN REPUBLIC?

(Rochester Post-Express.)

The controversy in Harper's for September as to the political future of Germany is an intellectual duel between Dr. Kuno Francke and Mr. James M. Beck. Dr. Francke says that German opinion is against the formation of a republic in Germany. He forgets that even the foremost leaders of science and of "kultur" in Germany have supported the rule of the Kaiser, so that, for the present at least, so-called German opinion is largely laudation of autocracy and militarism.

Mr. Beck in his reply quotes Bismarck's remarkable words: "No one can look into the cards held by Providence." This metaphor shows the Bismarckian conception of a man's relation to his Maker as a gambler. Nevertheless, apart from its presumptuous audacity, Bismarck's dictum indicates the astuteness of that master of statecraft. He furthermore held that in weighing its chances of success a country should take into account the "imponderables." What he meant by this is that a nation must reckon with the unforeseen.

Suppose Germany is beaten. Mr. Beck asks, what attitude will the German people take? They cannot as a sane population face the possibility of national destruction. Whether a German republic is a potentiality, he suggests, will depend on the spirit of the German soldiers returning from the trenches. Will they not, he asks, call the "supreme war lord" to a "stern reckoning"? Moreover the continuance of the monarchy cannot rest with the German people. If Germany is defeated, the final determination of this question will rest with the entente powers.

We know from bitter experience that no reliance can be placed on any promise made by the Kaiser. He has dealt with a solemn treaty as a mere "scrap of paper." Even when he is utterly vanquished, it will not be safe to have any negotiations with him, any member of his family, or any of the Pan German clique which has backed him in this war.

What then is to happen? Mr. Beck believes that the spirit of 1848 is not dead, that there are still in Germany men like Carl Schurz, and that under their leadership a democratic Germany will arise.

If German efficiency were allied to German liberty under a German republic, the world would have reason to rejoice.

## BEANS.

(Cleveland Plain Dealer.)

The greatest bean crop in United States history is predicted for this year. Last year's crop was 9,000,000 bushels. This year's will be about three times as large.

It is good news. The bean is a producer of protein and a builder of muscle. It is first-class war food. In New England the Saturday bean feast is almost a religious ceremony. Elsewhere the bean has in days past been somewhat scorned as a plebeian among the vegetables. Now is the bean's day to come into its own.

Beans are nutritious. They also contain the essential carbohydrates. Thus they combine the essential values of both animal and vegetable food. Governments have long realized the value of beans. They feed white beans to fighters. Our everyday white bean is well named the "navy bean." There is no better food for husky seamen.

What is good for fighters is good for those who stay at home. The New England bean habit has produced strong men and women. It will be a fine year for those who do not know the bean to make its intimate acquaintance.

## GERMANY'S DEBT.

(The New Republic.)

Germany's war credits from the beginning of the war to the present moment have amounted to about \$22,000,000,000. Huge as it is, this sum does not include grants of credit to Austria-Hungary, Bulgaria and Turkey, which may well enter into the category of doubtful assets. Germany's aggregate capital wealth before the war did not greatly exceed \$30,000,000,000. Her aggregate of individual incomes, on the other hand, was \$12,000,000,000. If the war were to end today, mere interest on the debt would absorb 10 per cent of all incomes, big and little—rather more than the total tax burden that will conveniently rest upon a people. The war is not ended, and every month adds a half a billion dollars to Germany's war debt. In the beginning the German ruling class hoped to roll the burden of debt upon a conquered enemy. This hope has long been extinct. And as the burden of debt grows, the burden of accountability upon those who willed the war becomes more tremendous. Before the German autocracy has explained away the war debt, it will have learned that no long war pays.

## THE DEVIL AND THE KAISER

(By an Englishman.)

The Devil sat by the lake of fire On a pile of sulphur kegs. His head was bowed upon his breast, His tail between his legs.

A look of shame was on his face The sparks dripped from his eyes, He had sent his resignation To the throne up in the skies.

"I'm down and out" the devil said And he said it with a sob. "There are others that outclass me And I want to quit my job."

"Hell isn't in it with the land, That lies along the Rhine, I'm out and out of date, And therefore I resign."

One Krupp's munition maker With his bloody shot and shell Knows more about damnation Than all theimps in hell.

## IS ANYONE FOOLED?

(Collier's Weekly.)

Maximilian Harden, Germany's best-known journalist, wrote in August, 1914, in his magazine, "Die Zukunft":

What use are cheap excuses? Yes, we provoked it because we were sure of victory. At about the same time the Kaiser was addressing a cablegram to President Wilson explaining that the war was his, but that he honestly thought he had so played his cards as to make sure of England's staying out. Ex-Ambassador Gerard still has that cablegram in the Kaiser's handwriting; a facsimile of it has been reproduced by the Philadelphia "Ledger." It is only since doubts have crept into the Kaiser's mind as to whether he can win the victory and save his imperial skin that Germany has made any very earnest pretense that the Kaiser loves, or tried to keep, the peace.

When a hundred men ask a United States senator to resign he looks upon their request as a raucous noise. Let the same number command his course and he hears the voice of the people.—Toledo Blade.

Of course, if Senator Hardwick's scheme of letting soldiers decide whether they shall go to France should be coupled with another of collecting taxes from only those who care to pay voluntarily, we might frighten the Kaiser to death before very long.—Houston Post.

Ex-President Taft will be a major general. And nobody can deny that he will look the part.—Baltimore American.

Russian soldiers get 6 cents a day, and some of them ought to have their salaries reduced.—Dallas News.

The Russians who object to discipline in the army will have a hard time getting used to German discipline unless they wake up pretty soon.—Indianapolis News.

Those who seek at this time to go to the rescue of the Kaiser, in his stress, would impress the world much more definitely with their peace proposals if they also had gone to the defense of Belgium in her hour of travail.—Indiana Times.

The desire for more money is interfering with the plans of the Government. If profiteering is to be stopped it should be stopped with labor and capital alike.—Florida Times-Union.

German sympathizers in America who are so insistent on the right of free speech don't seem to realize that if their side wins this war free speech will be a thing of the past.—Charleston News and Courier.

As an overworked theory, Prussian efficiency is beginning to show signs of fatigue.—Washington Star.

As showing she perhaps isn't bled so white as you may have heard, France wallows the Crown Prince some more every time he gets say over there at Verdun.—Macon Telegraph.

The report that Kerensky's address at Moscow pleased none of the factions indicates that it was probably a very good speech.—New York Evening Post.

Russia's will should teach America to shun Socialism as she would the plague.—Milwaukee News.

## HE NEEDS ONE!

## The Advocate's MELTING POT

Never risk a joke, even the least offensive in its nature, and the most common, with a person who is not well bred, and possessed of sense to comprehend it.—La Bruyere.

Fiddlesticks. 'Tis from her questions that I think She knows no golf at all; She asks, "Do you use pen and ink When you address the ball?"

Didn't intend to. Aunt Caline says—As the train was a-goin' through here this mornin' a man which he was one o' the passengers leened two far out the window an' fell out. As luck would have it he fell right on top o' I. M. Hamm, which he ways all o' too humered pounds, so's he wan't hurt a mite only knocked a little breathless. As soon as he could speke he says, "What on earth will they do to me? My ticket don't allow no stop off," he says.

Ornithological. Fine feathers do not make fine birds. I've often heard folks say: But now and then a fellow's clothes Make him look like a Jay. Luke McLuke.

And many girls we've seen wear what Fine feathers, sure—but do they not Make her look like a goose? Newark Advocate.

Your girls may look so, friend, but ours Have vastly better luck: Ours has a gown all prinked with flowers— She looks a perfect duck. Cleveland Plain Dealer.

Farred Courtesy. I rose with great gladness To offer her my seat 'Twas a question whether she or I Should stand upon my feet. Cornell Widow.

Much feeling you will doubtless show In either case, you see; And feeling in the young's" you know, "Precedes philosophy."

Rough Hewn. The Kaiser would about as soon see the world come to an end as to have the people of Germany demand the fight of self-government.—Knoxville Journal and Tribune.

And there are any number of people who would enjoy seeing the Kaiser come to an end.

Did You Know. That very little of the water precipitated in any district finds its way immediately by rivers to the sea? The great proportion is either evaporated from the surface of

the earth or sinks into the earth. All loose soils and gravels greedily absorb water, which descends until it meets with a stratum through which it cannot penetrate. Rents and fissures, as well as inequalities on the surface of the impervious beds, give the water a circuitous course and cause it to issue in springs. The water as it percolates through the earth always becomes more or less charged with foreign matter, owing to its solvent property. Carbonate, sulphate, and muriate of soda, and iron, are the most common impurities in spring waters; magnesia and silica also frequently occur. Local conditions may affect the thermal state of springs, as in the case of the Geysers in Iceland, the Hot Springs of the West, and the warm springs near Naples.

Carriage. Great, you bet, I speak of Mrs. Harridge: She never owned a horse; and yet She has a splendid carriage. Luke McLuke.

I'll risk this observation sage, That she would rather far Eliminate the dreaded "age" And simply keep the "car."

Kisses vs. Votes. Editor of the Melting Pot:—I wish to dedicate the following verses to F. G. L., with the hope she will find therein, that which shall keep her from going too deep into the suffrage question. It is my desire to have anyone think that I am opposed to this cause, for such is not the case, although I do object to some of the means employed by the fair ones to gain their point. I would advise all married people to try this recipe as it is the only known cure for warring, wavering or faltering love. In conclusion I will say that I am unlike most men, in that I always practice what I preach. I. Gotmine.

Some married folks are classed as joked Is for them both to not be In handing out caresses. When man departs for business maris Friend wife, he should not miss her But ear good by with sparkling eyes Then kiss her, kiss her, kiss her.

Not once or twice with lips like ice, But keep her dear head buzzin', With stacks on stacks of good warm smacks. We'll say at least a dozen. This binds the life of man and wife With ties that naught can sever, And love's sweet dream will reign sud In both their hearts forever. I. G.

As fast for him as it did for us?—Film Fun.

## A Little Fun

Many Do. Wife—You can't believe everything you hear. The Husband—Oh, no; but you can repeat it.—London Ideas.

The Cause. Inquiring Subscriber (to Editor)—Don't see anything by your funny paragraphist lately. Ain't mad, is he? No, he isn't mad. Only out of humor.—Browning's Magazine.

Time Flies. In one scene the crook had been sent to jail for a year. In the tenth scene he was being released from prison.

I say, pop, remarked a young boy to his father, I wonder if that year

## Democratic Ticket.

Mayor—H. A. ATHERTON.  
Auditor—CLYDE M. HARE.  
Solicitor—HENRY C. ASHCRAFT.  
Treasurer—M. JUD KENSE.  
President Council—R. L. WILLIAMS.  
Council at Large—DANIEL H. ALSPACH, PETER W. FAUST, LOUIS A. STARE.  
Council—Ward 1, ERNEST SETTELL; Ward 2, No candidate; Ward 3, PHILIP BAKER; Ward 4, CARL J. YONZ; Ward 5, GEORGE GRINDLE; Ward 6, E. L. CUREY.

## Society

(Society Editor, Auto Phone 23123.)

Miss Anna Laury of West Church street, entertained Friday evening, August 31, in honor of Miss Anna Reed of Columbus. The house and grounds were beautifully decorated and many games were enjoyed by all. The attractive features of the evening were the prize contests which were won by Ottilie Peppers, Frances Bender, Wilma Finch and Mabel Draper of Granville. At a late hour delightful refreshments were served to the following guests: Misses Anna Reed of Columbus, Mildred Ross, Hazel and Mary Stasel, Irene Winters, Martha Friel, Dorothy Allen, Viola Steopler, Lillian Ruff, Frances Bender, Ottilie Peppers, Wilma Finch, Mary Morse, Alice Prior, Ethel Peeney, Mrs. Morse, Mabel and Estella Draper.

The Foreign Missionary Society of the East Main Street M. E. church, will meet at the home of Mrs. M. E. Davis, 75 Gay street, Friday afternoon, September 7, at 2:30 o'clock. Mrs. A. S. Mitchell, a district officer will have a message. A full attendance is desired. All asked to bring mite boxes and all money coming to the society as this is the last meeting of this conference year.

Misses Hazel and Mary Stasel will entertain the members of the Kantbeatus Euchre club at their home in Baker street this evening.

The board of managers of the City Hospital will meet on Thursday evening at 7:30 o'clock at the home of Mrs. W. H. Davis in Hudson avenue.

The members of the Whatsoever Circle of the King's Daughters will be entertained on Thursday evening, promptly at 7:30 o'clock, at the home of Mrs. Charles Oxley in East Church street.

## SISTERS OF SECRETARY LANSING TO AID RED CROSS IN FRANCE

The Misses Emma and Katherine Lansing.

The Misses Emma and Katherine Lansing, sisters of Secretary of State Lansing, will help make life more tolerable for our boys in France by supplying them with the many little luxuries that mean so much to them. The Misses Lansing will serve as canteen aids to the Red Cross.

## Personal

Mrs. James Bell who was called here by the illness of Martin Bell, who underwent an operation for appendicitis has returned to her home in Orient, O.

J. P. Murphy and Charles Hager, Jr. left on Monday for a three weeks' hunting and fishing trip in Northern Michigan and Canada.

Mrs. Anna Reed of Columbus, who has been visiting Miss Anna Havery of West Church street, returned to her home last Saturday evening.

Mrs. Cassie Pickering of Fourth street has returned home after an extended visit in Munich, New Castle and Richmond, Ind.

Mrs. O. M. Burke and son Orville, and Miss Dora Brennstuhl have returned home after spending the summer at Buckeye Lake.

Mr. and Mrs. J. R. Kellenberger left this morning for Millersport, where they will be guests at the home of B. T. Bell. They will attend the J. E. Parrish reunion which will be held tomorrow at Summerland Beach.

H. M. Close and daughter Evelyn returned Saturday from Sullivan, where they attended the homecoming of former Sullivan citizens.

Miss Lillian MacNealy, North Fourth street, has returned home after attending the Indiana State Normal school.

Thomas E. Monahan and daughter Mary of Carlisle, Pa., left today for their home after spending the past week with Mr. and Mrs. J. F. Carr, North Fourth street.

Representative Ashbrook, who has been in Johnstown, returned to Washington last night.

Mrs. Chas. Shuckhart and children of Freeport, are the guests of Mrs. Julia Anderson of the Orphium building.

The Misses Myrtle and Grace Gorbey, Margaret Lisey and Maud Johnson of Toledo, returned Sunday from an Automobile trip in the east.

Mrs. Don Ferguson will entertain the members of her sewing club on Friday afternoon at her home in Granville street.

Charles Workman of Cleveland was a business visitor in Newark yesterday.

Miss Lydia Roman has returned to her home in North Fifth street after visiting in Zanesville.

Mrs. J. A. Coelho left today for Wheeling to be with the bereaved family of W. F. Ross, who died yesterday following injuries received at Renwood.

William F. Graef of Clinton street is in Terre Haute looking after business interests.

Mrs. Robert Legge and daughter Thelma of Cleveland, who have been the guests of friends and Dr. C. F. Legge of Hudson avenue, returned home today.

Mrs. M. C. Legge of Clinton street is visiting her son, Robert Legge in Cleveland.

Mr. and Mrs. William Gower of Mrs. Yarnall were guests of Newark friends on Tuesday.

**HAVE FRESH BEETS IN WINTER.** They should be placed in ventilated barrels, loose boxes, or better still, in crates.

They should be pulled and the tops cut off when the soil is dry. If sufficient space is available in the cellar, it is a good plan simply to place them in small piles along the wall.

Storage in large piles should be avoided, as it is liable to cause heating and decay.

Write for Farmers' Bulletins 847 and 879, United States Department of Agriculture, Washington, D. C. These give full instructions free of charge.

Wags—"I wonder how old Miss Antique is." Wags—"Well 10 years ago she confided to me that she was 28, so now I suppose she must be 38."

## Obituary

**Arthur G. Wilson.** Arthur G. Wilson of Seneca ville died in Akron, Sunday morning at 2:30 o'clock at the City Hospital, following an operation. Mr. Wilson was a well known contractor in Akron where he had resided for the last two years. Mr. Wilson leaves a wife and one daughter by a former marriage. He also leaves two sisters, Mrs. M. J. Hannum and Mrs. A. U. Strong of Newark and seven brothers, Rev. J. W. Wilson of Cleveland, Albert, Austin, Noah and Howard of Seneca ville, Rev. I. E. Wilson of Byesville and Charles of Virginia.

**Katie May Brown.** Daughter of Nicholas C. and Rachel E. Brown, was born Aug. 12, 1878, and died Aug. 28, 1917. She was united in marriage to Presley C. Grove, Oct. 5, 1898. She was the mother of eight children, four sons and four daughters, the eldest dying in infancy.

Mrs. Grove became a member of the Baptist church at the age of seventeen, afterward transferring her membership to the Methodist church at Granville, Ohio.

She was a woman of cheerful disposition, a devoted and self sacrificing wife, mother and friend.

**Card of Thanks.** We wish to express our thanks to our friends and neighbors who so kindly assisted us during the illness and death of our baby, Lewis Edward Rhoades, and for the beautiful floral offerings, also Mr. and Mrs. John Graham, Mr. and Mrs. Harold Rhoades.

**Card of Thanks.** We desire to express our sincere thanks to our friends and neighbors for their kindness and sympathy shown us in our bereavement; also, to the Grange for flowers and services.—Presley C. Grove and Family.

## Every Day Etiquette

"When a girl's engagement has been announced should her parents call on her fiancé's parents, or should they call first?" asked Ella.

"When a girl's engagement has been announced the young man's family should take the initiative in calling on her parents," replied her married sister.

Advocate Want Ads Bring Results.

## HARVEST-MOON CARNIVAL AT BUCKEYE LAKE

One of the big events of the season at Buckeye Lake Park will be the Harvest Moon Carnival and September Festival Dance, Thursday night, Sept. 6th. The management has secured some special features and the pavilion will have extra decorations for the occasion. There will be square dances and the Old Time Fiddlers to make merry the dancers. If you want to enjoy dancing just come out to Buckeye Lake tomorrow (Thursday) evening and you will have the best time of the season. Delightful time to dance and enjoy yourself.

### CONCORD.

There will be an all day meeting at the Concord M. E. church Sunday, Sept. 9th. Rev. H. J. Rice will be with us and speak in the forenoon and after a basket dinner our pastor, Rev. C. H. Horner will give an address. Probably there will be another speaker in the afternoon. Everybody invited and urged to come. Come for Sunday school and bring your dinner and stay all day. Sunday school at 9:30, followed by a sermon at 10:30 and another at 1:30 o'clock.

Mrs. Bessie Adams of Granville called in the neighborhood Wednesday.

Miss Amanda Emerson spent Thursday with Miss Alice Foster.

Mrs. A. G. Collins visited Miss Amanda Emerson Wednesday.

Lester Spidell of Fredonia spent Thursday at the homes of Mrs. G. B. Johnson and Miss Amanda Emerson.

N. M. Blake was in Newark Wednesday afternoon.

Arthur Butt was calling on the Concord residents Thursday, leaving as calling cards plentiful meals of roasting ears.

D. A. Bonfield of near Zanesville visited at the John Glynn home a part of last week.

Mr. and Mrs. George Wilson and two children, Lawrence, and Otto, were guests of Mr. and Mrs. Frank Morris Sunday.

Miss Minnie Baldwin spent last week at home with her parents, Mr. and Mrs. Luther Baldwin.

Mrs. A. G. Collins spent Saturday afternoon with Mrs. Bertha Foster.

Homor Jones, Mr. and Mrs. Ed. Harrison and Miss Mabel Hughes were calling on friends at Concord Sunday afternoon.

U. N. Jewett motored to Sunbury Sunday afternoon.

### JOHNSTOWN E. D. 4.

M. F. Evans and family of near Vanatta were Sunday guests of Mr. and Mrs. W. E. McClurg.

F. P. Belt and Mr. Logan-Barrick made a business trip to Newark, Thursday.

Mr. and Mrs. Hugh McClurg of near Johnstown called on Ray Dixon and wife Sunday afternoon.

Quite a number from the route attended the state fair, Friday.

Alpha Greenwood and family of Johnstown, spent Sunday with the latter's parents, Mr. and Mrs. C. W. Barlick.

Mrs. W. E. McClurg and daughter Pearl, were Ulia callers, Friday.

Hugh Cloggett and sister Ethel spent Sunday with Mr. and Mrs. H. W. Powers.

Mr. and Mrs. F. P. Belt attended church at Liberty, Sunday.

Mr. and Mrs. H. W. Powers attended the state fair, Friday.

Mrs. Logan-Barrick called on W. E. McClurg and family, Sunday afternoon.

Mr. and Mrs. H. W. Powers spent Thursday night with the latter's parents, Mr. and Mrs. E. R. Cloggett.

### SUMMIT.

During an electric storm here Sunday night lightning struck a pear tree on the premises of Frank Beals, north of town. A flock of turkeys roosting in the tree were unharmed. The lightning followed a clothesline which was attached to the tree and the smoke house, tearing the corner off the building.

Miss Choral Shannon is ill with typhoid fever.

Mrs. Hopkins returned home Monday after a visit with relatives in Indiana county, Pennsylvania.

The young men's quartet of the Mt. Vernon Avenue church of Columbus, sang in the Summit M. E. church Sunday night.

Remove the wrinkles by a 50c facial at McEwens Beauty Shop in the Arcade. 5-d-11 about 30."

## LFADER IN "BACK TO LAND" MOVEMENT

Miss Edith Elliot.

Miss Edith Elliot, only daughter of Lieut.-Gen. Sir Edward Locke Elliot, worked for a year with the American hospital in France, but has now returned to England to take charge of the "back to the land" movement on her father's estate at Dodington Park, Gloucestershire. She is also teaching women to drive motor cars, for the purpose of aiding in that way the prosecution of the war.

# WRIGLEYS

**S. O. S.**  
Send Over Some  
**WRIGLEYS**

Keep your soldier or sailor boy supplied. Give him the lasting refreshment, the protection against thirst, the help to appetite and digestion afforded by Wrigley's.

It's an outstanding feature of the war—"All the British Army is chewing it."

AFTER EVERY MEAL

**The Flavor Lasts**

## MAKE YOUR OWN FLOUR FOR WAR BREAD

The state war board says today: Wheat, as much as steel, is a sinew of war.

Barrels of flour by the thousands lie buried in the ocean—the work of German submarines.

Our Allies must have one billion bushels of wheat to keep their fighting strength. The burden falls on us. The Nation asks 60,000,000 bushels from Ohio farmers alone next year.

"War bread" is one means of saving wheat. It's body-building, health-giving, and good to eat. And it cuts materially the amount of white flour needed in bread making.

Any clean, sound wheat from a farmer. Grind it at home in a coffee mill, and try this government recipe:

Pour 1 1-4 cups hot water or skim milk over mixture of 1 tablespoon sugar and 1 1-4 teaspoons salt. When lukewarm add 1-2 cake dry yeast or 1 gill liquid yeast and 1-2 cups home-ground flour. Set over night to rise. In the morning add 1-2 cups flour, beat well, put into greased pan, allow to rise until bulk is double, and bake.

### Milady's Boudoir

Facial massages covers a multitude of blemishes. Its efficacy is too well known to require praise for eliminating wrinkles, filling in the hollows and restoring tone to underlying tissues.

Massage refines the texture of the skin, beautifies it and imparts a soft, velvety glow through its gentle manipulations which may be acquired in no other way.

Therefore you should make it a practice to devote from twenty minutes to half an hour massaging the face, throat, arms and hands. This work is preferably done at night, for during sleep the muscles are in repose and the benefit gained will last longer.

On close inspection you will observe that a number of fine wrinkles have crept into the complexion during the summer sojourn. These as a rule manifest themselves under the eyes, between the eyes and across the forehead. Those wrinkles have in a great measure been encouraged by not providing the eyes with proper shade and protection while in the sun.

Where the eyes are weak, squinting is sure to follow and nothing will produce a more flourishing crop of deep lines than this practice of screwing the face into weird grimaces. Oftentimes hand water and strong, astringent soaps are inclined to dry out the natural oil, leaving the skin dry, harsh and in a prime condition to take wrinkles. Cucumber creams are highly recommended as they not only tend to generally beautify the skin, but act in the capacity of a gentle bleach. They render the skin delicately smooth and pliable in tint.

### Our Boys and Girls

Keep open house as much as possible, and let your boys and girls feel that they may ask whom they want as often as they want. This encourages them to love their home and remain in it. Fun and plenty of it should abound, and the more parents enter into it, the more intimate they become with their children, the greater pleasure they will be to each other. In the city it is harder to plan novelties, but try doing over your girls room, and I am sure her pleasure will repay you. The cost of papering is small, and there are numberless fascinating chintzes in the shops for slip-covers and hangings. Given due thought, the room may be transformed into something new, fresh, and charming at comparatively slight expense. Another thing haven't you some little used room or attic in your house which you could clear out, and turn over to the boys and girls for a study, den, sitting room, work-room or whatever they may choose to call it?

I am sure you have, and do try giving it up, for nothing will give them greater pleasure. Unused pieces of furniture, secret treasures and best beloved books, arranged there ready to be discovered, will call forth much joy. A tea table and chafing dish, with permission to use them, will turn an ordinary mother into an angel.

When down town shopping and you get dirty and all mussed up just try a 25c clean up at McEwens Beauty Shop. 5-d-11

Even the man who drives a car may ride a hobby.

**Wall Street.**  
(Associated Press Telegram)

New York, Sept. 3.—Supporting orders offset further liquidation at the opening, and today's stock market, although rather and other standard shares were again under pressure.

Most of these gains were reduced before the end of the active first half hour, rally becoming more irregular. Declines and rallies alternated during the morning. Late advancing to 1.00% a few other important stocks fell under yesterday's lowest levels but recovered toward noon on the easier tone of the money market.

The closing was strong. Liberty bonds 39.62 to 39.65, more favorable advances from Washington were the chief influences in today's general rally of 2 to 4 points. Sales approximated 1,100,000 shares.

## MILLER EXPECTS TO LOSE SOME FLESH AT TRAINING CAMP

"I'll be lean and willowy after a few weeks out here," is the message sent home by C. W. Miller, who is in training at Ft. Benning, Harrison, in a letter received from him Tuesday.

Sunday was the first opportunity the men have had for writing as it was really their first recreation. They work from 5:30 to 9:30 and it is really work. Mr. Miller stated that he thought he was the oldest man in training in the camp, and he had seen no one yet who looked like they might be competitors on the question of age. Miller, with Perry, Shinn, Buell and Sims were assigned to the Second Infantry company while Thompson is in the artillery. They are housed in an attractive brick building, equipped with hot and cold running water, bath, electric lights, and situated in the center of the camp with the camp flagstaff directly in front of it and the officers' quarters just across the street. All streets have cement walks. The meals are splendid. The tables are set with china and silverware. All the comforts of home prevail, except "mother doing the dishes," for every man washes his own dishes and also his own clothing. Sunday all the Newark men were given leave of absence to go to Indianapolis to visit a bit, but Miller remained at the camp. All are in splendid health and seem to be enjoying the work with the camp life.

## SEN. LEWIS SEES PROSPECT OF PEACE MAY NOT NEED TAX

(Associated Press Telegram)

Washington, Sept. 3.—The senate's closing contest over subscription of wealth to pay the expenses of war today took a new turn when high tax advocates sought increases in the war tax bill's profits rates. The final vote on the war profits section, by agreement, is to be taken before night.

The effort today was the result of the failure yesterday of the high taxers to substitute a flat rate for the graduated system. They suffered overwhelming defeat.

In supporting the bill as drafted, Senator Lewis of Illinois, said he saw a prospect of peace and thought drastic taxes, therefore, might not be necessary.

"To me there appears the prospect of a peace and the end of hostilities if Germany so wills it," he said. "Woodrow Wilson has given Germany her great choice. She will not lose her opportunity."

## YOUTH KILLED IN ATTACK ON FATHER

(Associated Press Telegram)

Cleveland, Sept. 3.—August Lauricella, 19, was shot and killed here early today, according to the police, by Frank Corso, the man whose mother, Marie Lauricella, mother of the dead boy, claims married her here about four months ago. Corso denies he married Mrs. Lauricella.

Young Lauricella was shot, Corso told police, when the mother and son waylaid him early today. Corso declared the boy attacked him from the rear and the woman from the front. He pulled his gun and shot once at Mrs. Lauricella but missed her. Then he turned and fired four shots at the youth, while the woman slashed her razor back and forth across his face and back.

## RECEPTION FOR JAPS.

(Associated Press Telegram)

Washington, Sept. 3.—A reception by the house of representatives to Viscount Ishii, special ambassador from Japan and other members of the Japanese mission was the chief event on the envoy's program for today. The house received the distinguished visitors shortly after the noon hour when Viscount Ishii spoke. He recently addressed the senate.

## THREE KILLED BY TRAINS.

(Associated Press Telegram)

Akron, Sept. 3.—Three men were killed by railway trains in Akron last night. The dead are: J. H. Connor, 65, Akron; S. Gibson, Kenmore, and an unidentified man. Two of the men were employees of the Erie railroad and the unidentified man was killed at a grade crossing.

## EXPLAINS DEFECTIVE SHELLS

(Associated Press Telegram)

Washington, Sept. 3.—Secretary Baker told the senate military committee that the defect in small arms ammunition made at the Fort Knott arsenal was due only to deterioration resulting from chemical action. About one per cent of the whole supply has been found defective, he said.

## HOOVER CONTROLS SUGAR.

(Associated Press Telegram)

Washington, Sept. 3.—Contral of the sugar industry in the United States was placed voluntarily in the hands of the food administration today by refiners' representatives who agreed to import all raw sugar through a committee to be named by Herbert Hoover.

## THE RETORT COURTESOUS.

(Associated Press Telegram)

He—This bargain hunting shows your character. You are always looking out for something cheap.  
She—Too true. That is how I came to marry you.—Baltimore American.

## INVESTIGATES GERMAN PAPERS.

(Associated Press Telegram)

Washington, Sept. 3.—Searching inquiry into the utterances of German language newspapers in the United States, socialist magazines and literature of so-called peace societies and associations, regarded as likely to lead to prosecution in some instances, is being conducted by the department of justice.

## WAR MINISTER DEFENDS COLONEL ACCUSED AS SPY

(Associated Press Telegram)

Petrograd, Sept. 3.—The testimony of M. Gutchkoff, president of the third duma against Colonel Maslovoff in the trial of M. Soukhomlinoff, former minister of war, and his wife, charged with high treason as an accomplice in the crime, was answered yesterday by M. Soukhomlinoff, who declared that he had no reason to suspect the colonel of being a spy. The former war minister admitted receiving a number of letters reflecting on M. Maslovoff, but said that he would have had no assistants left if he had dismissed everybody who was similarly accused.

Prince Andronikoff, on being recalled as a witness, testified that he wrote to the former Emperor Nicholas early in the war recommending Soukhomlinoff's dismissal. He admitted that he also had asked for the dismissal of various other ministers and officials.

## CAPT. HAMILTON IS FROM FAMILY WITH LONG WAR RECORD

"The Fighting Hamiltons" is a title that can well be applied to the family of Captain Ross Hamilton who is visiting at the home of his sister, Mrs. Harry Scott, 388 West Church street.

Captain Hamilton will start for Camp Meade at Annapolis, tonight. He is connected with the Twenty-Third Regiment of Engineers of the regular army.

His brother, C. C. Hamilton was First Sergeant of Company G, Seventh Regiment, now the Fourth Ohio during the Spanish-American war.

Their father C. H. Hamilton was a member of Company D, First Ohio Cavalry during the Civil war and a member of the Duncan Mounted Rifles in the Mexican war.

His grandfather Hamilton fought in the War of 1812 and the great-grandfather was a fighting participant of the War of the Revolution.

Another sister of Captain Hamilton, Mrs. Joseph G. Avery, resides at 112 Wilson street.

## CROWD SHOWS ANGER AT MAYOR THOMPSON

(Associated Press Telegram)

Chicago, Sept. 3.—A demonstration of soldiers against fifty automobile parties constituting a delegation of the William Hale Thompson republican club bound for a county fair and political rally at Kankakee was avoided by the mayor. Banners were torn from the cars.

The mayor who was by implication censured by a vote of the city council for his attitude yesterday had warned that his welcome along the route of sixty-six miles might be embarrassing and he was not in line when the procession started.

## MRS. MORRIS WEDS BRITON

(Associated Press Telegram)

Chicago, Sept. 3.—Mrs. Helen Swift Morris, widow of the late Edward Morris, Chicago packer, was married last night at her home here to Francis Neilson, former liberal member of the British house of commons from Cheshire, it was announced today. The marriage was precipitated by the departure of Mrs. Neilson's son, Captain Nelson Morris, for a training camp.

## BOOTLEGGING IN BELMONT.

(Associated Press Telegram)

Columbus, Sept. 3.—There is more bootlegging in Belmont county than in any other county in the state, so the annual report of the state liquor license committee filed with the governor today shows. There were 89 convictions for selling liquor contrary to law in the county during the fiscal year which ended June 30, netting fines of \$18,400.

## KILLED WHILE BEING HAZED

(Associated Press Telegram)

Columbus, Sept. 3.—Batelle DeLong, 22, of Orrville, Ohio, brakeman on the Akron division of the Pennsylvania railroad who ran into a fast train and was instantly killed at Trivay Aug. 20 was being hazed by fellow employees according to the company's report to the state public utilities commission today.

## DISCUSS ROAD BUILDING.

(Associated Press Telegram)

Columbus, Sept. 3.—A big conference of county officials and the state highway advisory commission will be held in Columbus Friday, Sept. 14 for a discussion of road construction projects. The call for the conference was sent out by the commission today. Those urged to take part are county commissioners, county recorders, county auditors and county commissioners-elect and county auditors-elect.

## TRAIN AMERICAN AIR MEN.

(Associated Press Telegram)

Cambridge, England, Sept. 3.—A large party of American college men has begun a course in training here for the aviation service.

## PROBE OHIO COAL COSTS.

(Associated Press Telegram)

Columbus, Sept. 3.—R. W. Gardiner and A. R. Peterson, expert accountants for the federal trade commission, arrived here today to begin work of checking cost of mining coal in Ohio. State accountants will aid them.

## GEN. GURKO EXILED

(Associated Press Telegram)

Petrograd, Sept. 3.—General Gurko former commander on the southwestern front, charged with treasonable conduct toward the revolution, will be exiled from Russia. General Gurko, according to reports, is the first person against whom such a measure has been taken by the revolutionary government. He will be permitted to choose the place of his residence.

**AN EASY WAY TO**  
**BANISH PIMPLES**

If you are troubled with pimples, blackheads, acne, barbers' itch, blotches, freckles or other skin disease or blemish, now is the time to get rid of it with Hokara.

This pure and simple skin healer is being introduced in Newark by Evan's Cut Rate Drug Store at the low price of 35c for a liberal sized jar, and they have sold hundreds of treatments.

It contains no grease or acids, is cleanly to use and is a true nourishment for the skin, cleaning and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect satisfaction, return the empty jar to Evan's Cut Rate Drug Store and they will refund your money. If you have any skin trouble, you cannot spend 35c to better advantage than for a jar of this skin food.—Advertisement.

**FARM IMPLEMENTS**  
**DISPLAY FEATURE**  
**OF COUNTY FAIR**

Five of the biggest firms in Licking county have decided to make complete displays of farm implements at the Licking county fair next week. There will be two from Newark and one each from St. Louisville, Pataskala and Etina. The displays will include everything that is used by the modern farmer. Superintendent J. W. Hankinson of the farm implements and poultry department expects an additional number of firms to make displays. The automobile dealers also will make large exhibits.

O. G. Warrington, treasurer of the fair board, visited the Athens fair last week, and signed up a number of amusement features. A lot of horsemen informed him they were bringing their strings to compete for the liberal purses. He obtained several novel amusements from the state fair and the Dayton fair.

J. M. Jones, superintendent of the women's department, has traveled more than 500 miles by automobile while visiting the smaller fairs. He aroused much interest among the women exhibitors who will enter their needlework at the Newark fair.

Various Granges are sending in their contestants for the Grange team of 26 men which will pull against a team of town men Grange day. Each of the winning contestants will receive a dollar. The Grangers will meet at the court house Saturday afternoon to receive instructions. The town team is in process of formation.

**Amusements**

**AUDITORIUM.**

"The Easiest Way." Eugene Walter has furnished the key to a certain question which was frequently propounded when his drama, "The Easiest Way," was having its long Broadway run. The screen production of this great play has been made with Clara Kimball Young as the star, for the Selznick Pictures, directed by Albert Capellani, and for this purpose Mr. Walter contributed his own version of the career of his heroine. "The Easiest Way" will be the attraction at the Auditorium for two days commencing today. In the play as produced by David Belasco, Laura Murdock, an actress, is abandoned by a man whose influence and money she accepted, because she did not "play the game," and also the man who loves because in dire straits she took "the easiest way" to luxury and success. The story unfolded in "The Easiest Way" is one requiring skill on the part of the producer, and it took the Selznick Production Co. many months to produce this, said to be the Belasco (of the screen) production. It tells a gripping story, is a big production with situations and atmosphere, and all who see it, will rave over it. In the cast with Miss Young is seen Louise Bates, Joseph Kilgour, Rock Cliffe Fellowes, Cleo Desmond, George Stevens, Frank Kingdon, Miss Hopkins, Walter McEwan.

Owing to the high cost of this feature Manger Fenters is compelled to advance the ticket prices, the usual, but the night prices are 15 cents to any seat.

**The Amazons.** Under the new production system inaugurated by the Famous Players Lasky Corporation, Marguerite Clark's first Paramount picture will be an adaptation of Sir Arthur Wing Pinero's "The Amazons," in which Billie Burke scored a great success upon the stage. The picture will be directed by Joseph M. Cohan, who directed George M. Cohan's first photoplay, "Broadway Jones."

Though the spirit of the stage version of Pinero's play has been scrupulously adhered to in the adaptation, certain minor changes have been introduced which were considered essential to the conversion of the story into a super-photoplay of the quality which exhibitors and the public alike have been taught to expect from Paramount.

**"Tangled Lives."** Dainty Claire Whitney has her part in "Tangled Lives" which is seen at the Auditorium Friday and Saturday as produced in pictures by William Fox. She plays Marion in this wonderful story; from Wilkie Collins' brain, already a favorite in stage play and story book form. Miss Whitney has been in the Fox organization of picture plays since September, 1914.

On Saturday the Hearst-Pathe News is an added feature.

**"The Wolf Woman."** Sunday picture fans are in for a treat when Louise Glaum and Chas. Ray are seen in the Ince-Triangle "The Wolf Woman." Wid. New York Critic, said of this feature:

"Without question this is one of the greatest pictures I have had the pleasure of sitting through in some time. Miss Glaum has a wonderful part and she gives it a great characterization. With this a real comedy is promised in the Keystone, 'Ambrose Rapid Rise.'"

**"Down to Earth."** The Artercraft feature "Down to Earth" with "Doug" Fairbanks comes to the Auditorium next week. This will be glad news to many in Newark for Fairbanks is a local favorite. Bull Montana, known locally, has another clever part and his many friends will sure want to see "Bull" as an actor.

**ALHAMBRA.**

Tonight and Tomorrow. The attraction at the Alhambra theatre tonight and tomorrow will be the newest World-Picture Brady-Made, which bears the enticing title of "Youth." This glowing, pleasing, unusual story of high-spirited youth presents Carlyle Blackwell and June Elvidge as the stars. Muriel Ostriche and Johnny Hines are seen in the cast. Splendid scenic effects showing a New York Society masquerade in full force, a construction camp on the Tennessee River in full operation in the work of constructing a big dam and many other interesting things are big features of the production.

**Friday and Saturday.**

For the first time since her advent into motion pictures, Emmy Wehlen has a part which utilizes all her dramatic abilities in Sylvia, the heroine of the Metro wonderplay, "The Trail of the Shadow," which will be seen at the Alhambra theatre on Friday and Saturday. Great moments come to Sylvia, events calling for powerful dramatic handling, and Miss Wehlen revels in the opportunity to visualize these for the public. Not since her starring tour through Europe in the masterpieces of Ibsen and Sudermann has she had such a chance to display to the full her splendid emotional powers.

**25 Years Ago**

(From Advocate Sept. 5, 1892.) Outville had a terrible fire yesterday afternoon, the home owned by Rugg brothers, general merchants was badly damaged and the household furniture was ruined.

A reception was enjoyed at the home of Hon. J. D. Jones last evening, tendered by the Chautauqua Literary and Social Circle.

Miss Theresa Maurath, has returned home after a visit with friends at Zanesville and Cambridge. Miss Daisy Walrath, of the Recorder's office leaves tonight for a few days' visit with friends at Mansfield and will also attend the Cape-Race wedding, Tuesday.

The following composed a fishing picnic party yesterday: Mr. and Mrs. J. L. Worth, Mrs. Chambers of Mansfield, Pa., Messrs. Joseph Feltwell and C. L. Perkins of Pittsburgh, Mr. Phil Smythe, Mrs. B. G. Smythe, Mrs. Irene S. Banton and Misses Lora Smythe and Sadie Barrick.

**15 YEARS AGO.**

(From Advocate Sept. 5, 1902.) Ed. A. Schlosser was seriously injured last night when his horse ran away. The buggy was overturned and he was thrown on his head striking the flagstone pavement. Carl Rees has accepted a position as night operator for the Western Union.

The Allison Book store, has a full supply of school books. The Tuesday Afternoon Euchre club was entertained last week by Mrs. Dennis at her home on Hudson avenue. Mrs. Addison Dickenson, Miss Lillian Rhoads and Mrs. Baldwin of Mt. Vernon received the trophies.

Fireman Ned R. Fulton is confined to his home on Clinton street. Slepton Frederick of Mt. Vernon attended the Elk's carnival on Thursday.

**The World War a Year Ago Today—Sept. 5.**

Bulgars and Germans captured bridgehead of Tutrakon, a Roumanian town on the Danube fifty miles from Bukharest. The invaders were led by Von Mackensen and took 20,000 prisoners.

Roumanians captured Orsova, at the iron gate of the Danube.

**Two Years Ago Today.** The czar assumed command of the Russian armies; Grand Duke Nicholas sent to the Caucasus.

**Three Years Ago Today.** Von Kluck's army crossed the allied battle front.

Entente powers signed pact not to make separate peace.

# Mary Pickford—War Gardener.

by Peter Gridley  
Smith

If you were to ask Mary, "How does your garden grow?" one of those sweet little smiles that have helped to make her the sweetheart of America would come across the famous face of the little film queen and "register" extreme delight, for nothing outside of her motion picture art, occupies more of Mary Pickford's attention these days than her war garden, in which may be found good prospects of enough vegetables to feed the mouths of a dozen families for some time to come.

After Mary Pickford had donated an ambulance, purchased \$100,000 worth of Liberty Bonds, and appeared at many

meetings to inspire patriotism she felt that she desired to do still more in

compliance with President Wilson's requests. Thus, when casting her eye

upon the beautiful lawn behind her California bungalow she promptly decided that this ground could be turned into a more useful piece of property at

this time. Within a week where once a luxurious stretch of grass added to the beauty of the place, there appeared little hills of earth, at the end of which many colored envelopes attached to sticks indicated the coming of beans, peas, radishes, turnips and other edibles.

Not only has the new garden afforded "Our Mary" great satisfaction in the thought that it gives another op-

portunity to do a patriotic act, but it is the cause of no little personal pride, and justly so, for never was there a more successful little farm.

Of course Mary has an expert farmer to look after her war garden, but this does not prevent her from personally attending to much of the work it entails. Under the capable instructions of this teacher, she is rapidly learning the fine points in the delicate art of

getting the best results out of a limited stretch of ground. There are indeed few things that give her more pleasure than to potter around in a gingham apron with a garden tool. Even at the studio the Arcturion star devotes much of her spare time between scenes, in seed catalogue research. Incidentally, Mary feels that her garden gives her good "atmosphere" for her new characterization in the rural photoplay, "Rebecca of Sunnybrook Farm," to be released shortly. "This is the first time I have ever given my personal attention to the nursing of a bean or a potato, and if I do not make a good Rebecca it will not be because of lack of farm manerisms," laughed the little star while guiding the stream of a long garden hose recently.

## FOR THOSE WHO WISH TO TEACH

### Questions Put to Applicants For County Certificates.

#### EXAMINATION HELD SEPT. 1.

Prepared by the State Superintendent of Public Instruction to Test the Mental Qualifications of Those Who Seek Positions as Teachers in the Public Schools.

Following is the list of questions as prepared under direction of the state superintendent of public instruction and submitted at the county examination for teachers Sept. 1 for elementary school certificates:

**AGRICULTURE.**  
(Choose eight)  
1. What are the characteristics of a good stalk of corn?  
2. Tell how fruit trees are propagated.

## DOCTOR SAYS NUXATED IRON WILL INCREASE STRENGTH OF DELICATE PEOPLE 100% IN TEN DAYS

In many instances—persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—flow to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a Boston physician who has studied widely both in this country and in great European medical institutions, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't crush. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some are fussy and irritable; some skinnier and bloodless, but all lack power and endurance. In some cases it is worse than foodlessness; to take stimulating medicines or narcotic drugs, which only whip up your fatigues for the moment, for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong, and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain

3. Why is winter wheat rather than spring wheat cultivated in Ohio?  
4. What are the advantages of junior contest work? How do you promote such work?

5. What are the elements to be considered in balancing a ration? Give several rations for cows and show that they are in something like proper balance.  
6. What are the purposes of hoeing?  
7. How is a deficiency in nitrogen in the soil supplied?  
8. Tell of the merits of several of the best varieties of the fruit about which you are the best informed.  
9. Tell something of the contents of the state course of study in agriculture for elementary schools.

**ARITHMETIC.**  
(Choose eight)  
1. With what objects in view do you teach arithmetic?  
2. Prove that it is desirable to teach square root in the grades. If you do not believe that this is desirable show that it is not necessary.  
3. Construct a problem showing the number of pupils that can be accommodated in a room of certain dimensions.  
4. If 6 broods of 5 each are raised by a pair of sparrows, how many would there be in the fifth generation if all survived and raised young at a like rate?  
5. What are the advantages of the metric system? Give two most important equivalents to units in the English system.  
6. Show that it would be almost impossible for one person to count one million one-dollar bills in a week.

**READING.**  
The examination in reading is oral. The examiner will conduct the examination following any plan desired.

**THEORY AND PRACTICE.**  
(Choose eight)  
1. In what respects is mild restraint upon pupils superior to strict discipline?  
2. What books have been the source of information to you on theory and practice?  
3. How can pupils be taught to memorize?  
4. Why is there an increasing tendency to restrict the number work in the first two grades?  
5. How can biography be brought into the course? Discuss its importance.  
6. What are some of the most hopeful improvements in rural school conditions?  
7. How can theme writing be made to bring to view the life interests of children, and conversely how can their interests be used to inspire their expression?  
8. Discuss the value of story telling in several different grades.  
9. What is an ideal number of pupils to have in a room in some particular grade? Why?

**PHYSIOLOGY.**  
(Choose eight)  
1. How do decayed teeth harm the individual?  
2. The government has forbidden the manufacture of distilled liquor. If this is made permanent what good will it do?  
3. Why should students be warned against the use of "patent medicines"?  
4. State the most important facts about digestion in some one of the parts of the alimentary canal.  
5. Give the location and use of one of the following: thyroid gland, pancreas, gall.  
6. Explain the relation between two different parts or organs of the nervous system.  
7. Describe fully some part of the circulatory system.  
8. What is the value of perspiration?  
9. With what objects in view do you teach physiology?

**WRITING.**  
1. How should the pen be held?  
2. Make all the letters of the alphabet to show the relative heights and lengths of the small letters.  
3. What fault is frequent in forming the letter m? Write a line of connected m's.  
4. Copy the following as a specimen of your penmanship:  
"So long as men live by bread, the far-away valleys must laugh, as they are covered with the gold of God, and the shores of His happy multitude ring round the winempress and the well. No scene is continually and untiringly loved, but one rich by joyful human labor; smooth in field; fair in garden; full in orchard; trim, sweet, and fire-

quem in homestead, ringing with voices of vivid existence. No air is sweet that is silent; it is only sweet when full of low currents of under-sound—trillings of birds, and murmur and chirp of insects, and deep-toned words of men, and wayward trebles of childhood. As the art of life is learned, it will be found at last that all lovely things are also necessary—the wild flower by the wayside, as well as the tended corn; and the wild birds and creatures of the forest, as well as the tended cattle; because man doth not live by bread alone, but also by the desert morn; by every wondrous word and unknowable work of God."

**HISTORY.**  
(Choose eight)  
1. Give the story of one international dispute which almost brought us into war.  
2. In what respects is the population of the United States not uniform in characteristics and disposition because of origin?  
3. What civil war general or generals do you rate highest and why?  
4. Show that our government has tended to increase its powers.  
5. How has tariff helped and how has it hindered our country?  
6. Tell of one important financial measure taken by our government.  
7. What are the main purposes of teaching history?  
8. State the steps leading up to the Spanish-American war.  
9. Show what part some particular state, for instance, Kentucky, has played in our national history.

**LITERATURE.**  
(Choose eight)  
1. What is the relation between reading and literature?  
2. What works of Sir Walter Scott would you recommend to grammar grade pupils? Why?  
3. Name a leading American critic and state something of his manner of criticism and of the authors or works the undertook to criticize.  
4. Defend the custom of most literatures of telling something of the biography of authors.  
5. Characterize the leading characters in some great drama.  
6. Mention ten poems you would include in a list of a few leading American poems.  
7. What three or four writers do you enjoy most for their humor? Give humorous quotations or incidents from at least two of them.  
8. Describe one of Dickens' characters or outline some scene or incident from Dickens.

**GRAMMAR.**  
1. Give a complete synopsis of the verb call in the first person plural.  
2. Explain the difference between the two main uses of adjectives.  
3. What different kinds of pronouns do you distinguish? Define three of them, and give illustrations of all of them. (Need not be in sentences).  
4. In the following sentence explain the construction of each relative pronoun and state why there is no comma before one of them while there is before each of the others: "One of the earliest impressions that I can recall is of my grandfather's house, which was built on a hillside, the main entrance on the road, while a stairway led from the road down to the level of the lower story, in which were kitchen, pantry and dining-room."

**GEOGRAPHY.**  
(Choose eight)  
1. Locate two of the largest water power plants or projects of the present time.  
2. Where are the forests of great enough value for them to be protected by rangers?  
3. Give a sketch showing the present battle lines and former national boundaries on one of the European fronts.  
4. \$27,000,000 was recently voted by Congress for river improvement. Tell something about the improvements that have been made and are to be made.  
5. What are northern lights?  
6. Give some of the principal facts about the transportation in large quantities of the petroleum and coal produced in our country.  
7. Interpret five of the following: Grand Canyon; Garden of the Gods; Thousand Islands; St. Clair Flats; the Soo; the Golden Gate; Statue of Liberty; the Everglades; Mammoth Cave; Natural Bridge.  
8. Explain how latitude and longitude are measured.  
9. Name some useful supplementary books or magazines that treat geographical subjects.

**ORTHOGRAHY.**  
1. Mark for pronunciation: Again, protege, elite, frontier, Arkansas (a state), peony, league, boulevard, diastole.  
2. Give four simple rules for forming the plurals of nouns, that may be given to the fifth and sixth year classes.  
3. When is "w" to be classed as a vowel? When "y"?  
4. Spell and define: vendue, bellicose, crucial, grossgrain, Jack-o-lantern, phreton, resuscitate, smithy, diagnosis, insipid.

**HIGH SCHOOL AGRICULTURE.**  
(Choose eight)  
1. Show what expenses have to be undergone on an apple orchard before it bears.  
2. What are some of the striking problems you try to solve on an experimental tract?  
3. Give some figures showing how actual production usually lags behind possible production.  
4. Give a scheme for grading sample ears of corn.  
5. State what work must be done by the bee-keeper.  
6. How can the stock kept on the farm be improved?  
7. Divide on a diagram a farm tract of uniform soil and topography into sections such that there may be a rotation in each field yet the same crops may be produced each year by the farm as a whole. Mark the rotation in each field through one cycle.  
8. How are plants affected by a deficiency in nitrogen in the soil?  
9. Outline a high school agriculture course covering at least two years.

## Select Your Stove Now

save money, and you will be sure of getting the stove you want, as manufacturers neither guarantee price nor shipment.

## THE ESTATE HOT STORM

**THE STOVE WITH A "LITTLE FURNACE" IN IT**  
Two heating systems in one, not a stove, not a furnace, but a combination of both, will give more heat at an equal temperature than any heater on the market. Soon pays for itself by saving in fuel.

Guaranteed to keep fire 50 hours on one charge of coal.

## "THE ORIGINAL TRIPLE EFFECT"

**KING OF ALL GAS HEATERS—MORE HEAT—LESS GAS—NO MOISTURE**

A Gas Heater that heats the home at smallest possible cost, equal to a furnace, which is explained by its warm air circulation.

## ESTATE GAS RANGES

make housework a pleasure, with its many patented features, scientific construction and arrangement, removable sawed steel burners, fresh air bakers, enclosed main top, etc., make them the most desirable range on the market.

The Estate line is very complete, including refrigerators (garbage burners), built in fireless cookers, square and cabinet styles. It will be an added pleasure to show these wonderful ranges while line is complete.

**May Use X-Ray.**  
H. F. Lennox, who was struck by  
the Pennsylvania flyer, is confined to  
his home by bruises to his hip and  
side. No bones were broken but his  
family stated that an X-ray may be  
taken to determine if there is a serious  
injury.

**Woodside Prayer Meeting.**  
Woodside prayer meeting will be  
held at the home of Mrs. W. E. Bur-  
ton, 367 Woods avenue, Thursday  
morning at 9 o'clock.

**Thank You.**  
In renewing his subscription, Mr.  
John O'Dell of Pataskala, writes  
The Advocate: "Please find enclosed  
remittance for renewal of my sub-  
scription. At this time no one can  
afford to be without a paper, especially  
a local paper."

**Former Alexandrian Resident.**  
Following a corn roast arranged  
in honor of Dr. Fred O. Williams,  
who is leaving for one of the naval  
hospitals on the Atlantic coast in a  
few days, he was presented with a  
handsome traveling bag. Thirty re-  
latives participated in the affair, held  
Labor Day at Camp Glenon, on the  
Olenangy River.—Ohio State Jour-  
nal.

**Birth Announcement.**  
Mr. and Mrs. Leo McDonald, North  
Fifth street, announce the birth of  
an 8-pound daughter, Saturday. The  
baby has been named Virginia  
Aretta.

**Birth Announcement.**  
Born to Mr. and Mrs. Earl Fulk,  
370 German street, a son, Walter  
Earl, August 30.

**Birth Announcement.**  
A daughter was born to Mr. and  
Mrs. C. Harrington Davis, last night  
at their home, Eleventh street.

**Newark Men at Chillicothe.**  
Mrs. George L. Starrett of West  
Church street, received a wire from  
her son, Lieut. Charles Starrett, last  
night saying that the order for him  
to report at Hattiesburg, Miss., had  
been rescinded and that he will re-  
main at Chillicothe. About 200 of  
the new officers are leaving Camp  
Sherman for the south but the New-  
ark men all remain at Chillicothe.

**Good Samaritans.**  
The Good Samaritan Bible class  
of the West Side Church of Christ,  
will meet Thursday afternoon at 2  
o'clock at the home of Mrs. De  
France, 22 Hancock street.

**G. A. R. Meeting.**  
The open meeting committee of the  
G. A. R. will meet Thursday  
evening at 7:30 o'clock.

**Returns to Camp.**  
George Walton, a member of Har-  
tery's First Light Artillery, has  
returned to his duties at Ft. Benj.  
Harrison after visiting for several  
days with his parents, Mr. and Mrs.  
William Walton, and family, of 19  
East Holiday street. The young  
Newark soldier reports that the  
training is developing some healthy

**When Your Eyes Need Care**

It's the only eye remedy  
that's safe and sure.

**Even where a knock-out is**  
concerned it is more blessed to give  
than to receive.

young Americans and that he with  
his fellow Newark comrades is en-  
joying it immensely. They have  
plenty to eat and nearly all the com-  
forts that could be desired and camp  
life has its attractive features.  
G. A. R. Meeting.  
The program committee for the  
G. A. R. open meetings, will meet  
Thursday evening, Sept. 6, at 7:30  
at G. A. R. hall. A full attendance  
is earnestly requested. O. E. Hunt,  
chairman.

**Takes Detroit Position.**  
Miss Chloe Sharritt, daughter of  
Mr. and Mrs. J. H. Sharritt of 641  
North Fourth street, left Monday for  
Detroit, Mich., where she will teach  
in the public schools. Miss Sharritt  
has been teaching in the Newark  
schools for several years, and has  
proved herself a very efficient  
teacher.

**Gets an Appointment.**  
Dr. H. L. Williams, well known  
veterinary surgeon has received an  
appointment as second lieutenant  
and left last night for Ft. Reno, Okla., where he will be station-  
ed.

**Move to Zaniesville.**  
Mr. and Mrs. A. N. Glennan of  
255 Elmwood avenue are moving to  
Zaniesville where Mr. Glennan has  
taken a position as general yard  
master in the B. and O. yards.

**Residence Damaged.**  
Fire of unknown origin caused  
damage to the amount of about \$75  
at the residence of Miss Bertha  
Doomy of 28 Fulton street, this  
morning. Firemen from the West  
Newark station and headquarters  
fought the blaze for half an hour.

**St. Ann Society.**  
St. Ann Society will meet tomor-  
row afternoon at the home of Mrs.  
John Spidell, 99 Day avenue at 2  
o'clock.  
**Birth Announcement.**  
Born to Mr. and Mrs. William  
Barrett of Allen street, a daughter,  
Helen Elizabeth, September 4th.

**McFarland in Camp.**  
Word has been received here that  
J. McFarland, an old Newark boy  
and a graduate of Newark High  
school and Denison University, is  
now located at Ft. Sheridan, Chicago,  
Ill., training camp. His address  
is Co. 12, Second Regiment, McFar-  
land left here a number of years ago  
and his old friends had not heard  
from him in years.

**Begin New Terms.**  
Will H. Miles has given bond,  
taken the oath of office and succeed-  
ed, as county treasurer.  
John C. Swartz has succeeded him-  
self as county surveyor and county  
superintendent of highways. O. C.  
Martin succeeds himself as county  
recorder, the office being his auto-  
matically owing to the death of  
Frank B. Dudgeon, who passed away  
after having been elected to that  
office last November. No changes  
have been made in the clerical forces  
of the offices.

**County's Bank Roll.**  
The county commissioners pre-  
vious to their regular weekly meet-  
ing today counted the money in the  
county treasury, finding that the  
county had \$111,329.76 to its credit.  
This money is deposited in several  
of the city and county banks.

**Marriage Licenses.**  
Thos. H. O'Dell, a tinner, of this  
city, and Miss Mabel P. Priest of  
McKear township.  
Lewellyn Blahner, a farmer of  
Grafton, Lorain county, O., and Miss  
Minnie Lane of Pataskala. Rev. Jos.  
Williams, officiating.

**Annias Phillips, a steel worker,**  
and Miss Christine Evans, both of  
this city.

**Seeks a Divorce.**  
Loma Stonerock has filed a peti-  
tion in common pleas court against  
Frank Stonerock, asking that she be  
granted a divorce. She alleges in  
her petition that her husband is  
guilty of adultery and names the  
respondent. She also states that he  
has a taxi line and earns from \$5 to  
\$15 per day. They were married in  
September, 1886.

**Hearing on Account.**  
Master Commissioner Frank A.  
Bolton has been engaged in hearing  
the testimony and evidence in the  
case of The Cincinnati Securities  
company against A. L. Rawlings,  
and which was referred to him by  
the common pleas court, to hear the  
evidence and make his finding. This  
is a suit for an accounting growing  
out of the relations of Rawlings with  
the Cincinnati Securities Company.

**Divorce Petition.**  
Bert R. Butler has filed a petition  
in common pleas court against Phoe-  
be Butler. They were married in  
Covington, Ky., Dec. 24, 1913. The  
petition alleges gross neglect of duty  
and states that the defendant left  
the plaintiff Aug. 13, 1916, and that  
on Aug. 28, of the same year began  
divorce proceedings in probate court  
and that none of the allegations of  
her petition were found to be true  
and the court refused to grant her  
a decree. Plaintiff states that he  
agreed to provide her with a  
home and the necessities of life but  
that she refuses to live with him or  
perform her marital duties towards  
him as a wife. He asks for a divorce  
and all relief to which he may be  
entitled.

**Body of W. F. Ross will be**  
**INTERRED AT MANSFIELD**

The body of William F. Ross, road  
foreman of engines who died in the  
hospital at Wheeling, W. Va., Tues-  
day afternoon, following injuries re-  
ceived when two engines collided at  
Benwood, will be taken to Mansfield  
for burial.

The accident happened when two  
engines collided in the Benwood  
yards, and Mr. Ross was so badly  
scalped that he died in a few hours.  
The family resided in Newark for  
a number of years and their home  
was originally in Mansfield where the  
body will be taken for interment.

**ORDER NEWARK'S FIRST**  
**CONTINGENT TO MEET**  
**THURSDAY FOR CAMP**

(Continued From Page 1)  
tingent of 40 per cent or 74 from  
Newark and 62 from the county will  
leave September 19. The same num-  
ber will leave for camp October 3.  
The remainder of the contingent will  
soon thereafter be possible. All go  
to the Chillicothe cantonment and,  
according to present plans of the war  
department, will be assigned to the  
heavy artillery.

**COUNTY BOARD**  
**SELECTS EIGHT FOR FIRST**  
**CONTINGENT TO CAMP**  
(Special to Advocate.)  
Granville, O., Sept. 5.—The Lick-  
ing county draft board met Tuesday  
and the members—Mayor C. B.  
Conns, Dr. C. J. Loveless and J. C.  
Williams—selected the men who are  
to be the first to depart for the Chil-  
licothe cantonment. Eight men were  
chosen and were notified to report  
at the headquarters of the board at  
Granville Thursday evening. Failure  
to report, or unpunctuality are  
grave military offenses, punishable  
by court-martial, willful failure to  
report with intention to evade mili-  
tary service, constitutes desertion,  
which is a capital offense in time of  
war. They will be held under the  
orders of the board until the hour  
of departure of their train. During  
this time the local board will furnish  
them with food and lodging. Any  
who live within one hour's travel of  
the office of the board may obtain  
permission to sleep and eat at home,  
only on condition of filling out appli-  
cation blank furnished by the board.  
They will not be permitted to take  
with them one the train anything  
but hand baggage, consisting only of  
the following articles: Soap, shav-

ing accessories, comb and brush,  
toothbrush and tooth powder, under-  
clothing and socks, and, if desired,  
changes of collars and shirts. Al-  
though there will be no use for the  
latter after arrival at the mobiliza-  
tion camp. Since trunks will not be  
permitted after arrival at the rail-  
road station, the articles listed above  
should be brought in a hand-bundle.  
If so desired, the civilian clothes  
worn to the camp may be returned to  
the homes of the men by express or  
otherwise, but if no such arrange-  
ment is desired it is advised that  
civilian clothes be worn that may be  
discarded on arrival at camp.

Clyde Anderson, Newark R. D. 4.  
Edgar T. Selzer, Granville; student  
in Denison University; home: St.  
Louis.  
Ernest J. Higgins, Hebron; barber.  
Wilford D. Butcher, Clay Lick;  
clerk and salesman.  
Albert W. Momeyer, Granville;  
student in Doane Academy.  
Frank E. Brown, Pataskala.  
Clifton W. Hall, Granville; stu-  
dent in Denison, from Kentucky.  
Frank V. Oldaker, Hebron;  
plumber.  
Frank E. Brown is cashier in the  
Columbus National Gas office in  
Granville.

Mr. Selzer has applied for en-  
trance to the aviation corps. He is  
the most promising candidate for  
fullback on this year's Denison foot-  
ball team.

The men will leave Granville via  
trolley to connect with the Newark  
contingent at 1:45 p. m., Friday.  
Leave Newark via B. & O. at 1:45.  
The party will leave Columbus on a  
special N. & W. train at 2:30  
o'clock and arrive at Chillicothe at  
4 p. m.

## FIRST SOLDIERS OF NEW ARMY REACH CHILICOTHE CAMP

(ASSOCIATED PRESS TELEGRAM)  
Chillicothe, Sept. 5.—Ohio had  
another real and at-home touch of  
the world war today when the first  
of her great army of men drawn by  
the selective draft began arriving  
here to report for training at Camp  
Sherman where their lessons will  
be those of the modern war game.

By Saturday night 1,939 Ohio  
young men ranging in years from 21  
to 31 will make up the five per cent  
advance guard that will have ar-  
rived. Forty per cent, more of  
Ohio's draft quota, or 15,514 sol-  
diers-to-be, will come September 19.  
Another 40 per cent. will arrive Oc-  
tober 3, and the last contingent of  
15 per cent at a date yet to be fixed.

The first of the untrained troops  
to reach Chillicothe in the big  
country-wide movement to training  
quarters is an allotment made up of  
men from the southern portion of  
Ohio. All were expected to report  
"for duty" by night fall.

Tomorrow some six hundred will  
come from northwestern Ohio and  
on Friday and Saturday those from  
northeastern Ohio will arrive. Along  
with the Ohio boys will be selected  
men from western Pennsylvania, for-  
under a recent order a contingent of  
Pennsylvania troops are to share the  
camp quarters and be trained with  
their Ohio neighbors.

By mid October, when there is  
that "bite" in the air to lend zest  
and enthusiasm and contribute to  
withstanding hard work, 42,000  
men—the largest organized force of  
men ever mobilized in Ohio at one  
time—will be learning the lessons  
that experience has taught the  
armies of other nations, lessons that  
the folks back home hope and ex-  
pect to be so thorough and so com-  
plete that America's part in hum-  
bling the "Hun" and making the  
world safe for democracy will be  
one to the honor of the Stars and  
Stripes.

Shoulder to shoulder, business  
men, clerks, bankers, brokers, pro-  
fessional men and laborers start to-  
day reporting for duty. In a few  
days they will be garbed in the uni-  
form of the fighter. Then they will  
be on the footing that millions have  
found time and time again—when  
banker and laborer are pals and  
bunkies and each a brother to the  
rest.

It was an unusual sight for those  
who saw the first contingent come  
in. Few were good clothes. Fewer  
still had traveling bags or suitcases.  
But nearly all carried a small bun-  
dle—the bare necessities of camp  
comfort. Special cars brought them  
in and officers aided in directing  
them to the camp where soon they  
will be dressed in natty olive drab.  
Work begins for these new soldiers  
as soon as they reach camp. There  
is a place for each man and for each  
man a duty. He must do it!

Camp Sherman was ready for the  
early arrivals. Men have worked by  
the thousands to build the military  
city in a few weeks. At times there  
were 12,000 toilers getting the big  
"plant" ready, each drawing the  
goodly pay and working the timely  
hours that the government provided  
in the big emergency.

**THEY DON UNIFORMS.**  
(ASSOCIATED PRESS TELEGRAM)  
Washington, Sept. 5.—The first of  
the national army went into uniform  
today. Into fourteen cantonments  
poured groups of recruits, the first  
5 per cent quota of the draft army.  
Each group on its arrival was strip-  
ped of civilian clothing and supplied  
with khaki uniform, army hat, shoes,  
leggings, blankets, rifle, ammuni-  
tion belt and accoutrements of a  
soldier. Training will start tomor-  
row. The second quota of 40 per cent  
goes to camp September 19.

Reports of Provost Marshal Gen-  
eral Crowder indicated that the mobi-  
lization was proceeding smoothly.  
Most groups took morning trains, al-  
though those from some western  
states may not reach camp in late  
tonight or tomorrow.

Camps Upton at Yaphank L. I.,  
and Meade, at Admiral, Md., were  
the only cantonments not ready for  
formal opening today.

**ORDER NEWARK'S FIRST**  
**CONTINGENT TO MEET**  
**THURSDAY FOR CAMP**

(Continued From Page 1)  
tingent of 40 per cent or 74 from

**GERMANS READY**  
**TO FALL BACK IN**  
**BELGIAN SECTOR**

(Continued From Page 1)  
extending twelve miles or more to  
the east of the present front in west  
Flanders, as far as the Thourout  
line, embracing an area of some 200  
square miles.

One theory advanced for the re-  
ported evacuation is that the Ger-  
man commander dreading the effect  
of the next drive, is preparing to  
flood the lowlands by diverting wa-  
ter from the river Scheldt, thus  
blocking allied progress. Another  
supposition is that the Germans,  
lacking the men to hold the present  
lines firmly enough, are preparing  
for another "strategic retreat."

Meanwhile the air forces on both  
sides are active not only immedi-  
ately back of the opposing lines but in  
widely extended fields.  
Germany is pushing her air cam-  
paign against England to an extent  
that is leading London to wonder as  
one newspaper expresses it if Ger-  
many got her great air offensive  
ready before that of the British.

## GERMANS READY TO FALL BACK IN BELGIAN SECTOR

(Continued From Page 1)  
extending twelve miles or more to  
the east of the present front in west  
Flanders, as far as the Thourout  
line, embracing an area of some 200  
square miles.

One theory advanced for the re-  
ported evacuation is that the Ger-  
man commander dreading the effect  
of the next drive, is preparing to  
flood the lowlands by diverting wa-  
ter from the river Scheldt, thus  
blocking allied progress. Another  
supposition is that the Germans,  
lacking the men to hold the present  
lines firmly enough, are preparing  
for another "strategic retreat."

Meanwhile the air forces on both  
sides are active not only immedi-  
ately back of the opposing lines but in  
widely extended fields.  
Germany is pushing her air cam-  
paign against England to an extent  
that is leading London to wonder as  
one newspaper expresses it if Ger-  
many got her great air offensive  
ready before that of the British.

Quickly following the raid on  
Chatham in which more than 100  
naval men were killed and many in-  
jured, a score of German air men  
last night attacked the British coast  
and flew over London. Bombs were  
dropped which caused the loss of  
nine lives and the injury of 49 per-  
sons. The material damage is said  
to be small. One German machine is  
reported to have been brought down.

On their side, the British have  
carried out further extensive bomb-  
ing raids in Belgium, hitting the  
Burgess docks where the Germans  
have a submarine base, a heavy blow.  
Airdromes were also bombed with  
good effect.

**BASEBALL MEN TRY**  
**NEW DRAFT SCHEME**

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, Sept. 5.—The National  
Baseball commission announced last  
night that it will meet at Cincinnati  
on September 20 to receive and pass  
on the selection of players from  
minor league clubs by major league  
clubs.

The system of selection from a  
Class AA or Class A club, without  
specifying the player desired, which  
has been followed for several years  
is discontinued and a draft which  
does not contain the name of the  
player and of the club from which he  
is selected will receive no considera-  
tion.

Cancellations of drafts will not be  
allowed after an award has been  
made unless written notice thereof  
is served on the secretary of the  
commission within 24 hours after its  
allowance.

**Official Statements**  
**of War Department**

**RUSSIAN.**  
(ASSOCIATED PRESS TELEGRAM)  
Petrograd, Sept. 5.—The Russians,  
continuing their retreat along the  
coast of the gulf of Riga toward the  
northeast, have crossed the Livonian  
river Aa, the Aa office announces.

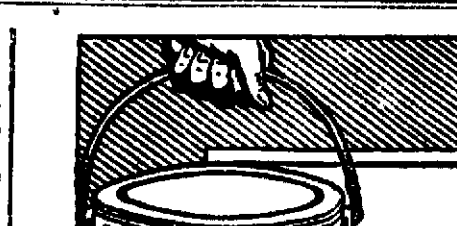

The Russian forces operating in  
an easterly direction from Riga have  
retired to Sverdlov, Lember and  
Dzeshubrad. The announcement  
states that the hostile ships which  
have been shelling the Riga coast  
were submarines.

**GERMAN.**  
Berlin, Sept. 5. (Via London).—  
Duenamuede on the Riga front,  
which was captured yesterday by  
the Russians, has been captured by  
German forces. The war office an-  
nounced today.

(Duenamuede lies  
at the mouth of the Dvina northwest  
of Riga.) The heavy coastal guns  
there fell into the hands  
of the Germans.

**Time For The Lecture.**  
"You're not going so early?"  
"Yes, indeed. I have had a fine time  
at your party, but if I am to get any  
sleep at all tonight I've got to go now  
to give my wife a chance to tell me all  
the breaks I have made while here."—

**AURORA PAINT**

**If you want to Keep**  
**Your Property You**  
**Must Keep it Painted**

Don't worry about the cost of  
painting. The thing to worry  
about is the cost of not painting.

This is as true in time of war as in time of  
peace. What we need is NOT "hysterical  
economy," but sane conservation.

**MARIETTA**  
**AURORA PAINT**

is the great conservator of property.

It protects, beautifies and keeps healthful  
and habitable the homes of thousands. It is  
a practical paint—a fact which the experienced  
painter recognizes instantly by the very "feel"  
as it leaves his brush.

MR. PROPERTY-OWNER, don't be a  
"slacker" on the paint proposition. To pre-  
serve your property is to conserve the re-  
sources of the nation.

Preserve your property with

**Granville**

(Special to Advocate.)  
Granville, Sept. 5.—Council met  
in regular session Tuesday evening  
with Mayor Coons in the chair and  
two members absent. The only  
matter to receive attention outside  
the ordinary routine business, was  
the vote to place the control of the  
disposal plant with the street com-  
missioner, under direction of the  
city engineer.

At the Republican caucus held  
last evening the following ticket  
was nominated: For township trust-  
ees: T. D. Evans, Burton Case,  
Fred Moore, for township treasurer,  
C. B. Slack; clerk, Wm. E. Clemons.  
For council, H. D. Ashbrook, W. A.  
Chamberlin, Llewellyn Jones, Fred  
Miller, Ira Perry, Freeman Chrysler,  
village clerk, Roe Morrow; treas-  
urer, L. R. Davis; school board,  
August Odolbrecht, Harry Pierce, A.  
P. Nichol, assessor, Frank Welsh.

At the meeting of the A. F. F.  
W., yesterday, the brief business  
meeting was conducted by the treas-  
urer, Mrs. Ira Perry, who reported  
the financial standing of the orga-  
nization. The secretary was in-  
structed to send a vote of thanks to  
Mrs. Olive Buchanan of Canton for  
the gift of a cook stove for the  
kitchen at headquarters. There  
were other gifts of cash and work  
which were gratefully appreciated. Miss  
M. E. Penney, who has gone to New-  
ark to live, was in her accustomed  
place for work.

Jack Hundley, who has held a po-  
sition all summer with the Warner-  
Sweeney Manufacturing company of  
Cleveland, engaged in the work for  
the government, returned home last  
evening.

The marriage of Miss Nellie Wal-  
cut of Columbus, formerly a Shep-  
ardson college girl and a member of  
Kappa Phi sorority, to Mr. Royd R.  
Haddock, also of Columbus, was solemn-

STORE OPEN ALL DAY THURSDAY

# This Will Be A Week of Wonderful Selling In Coats and Suits

If it's an opportunity to save money you've been waiting for, the time to save it is by purchasing this week. Considering the rapidly advancing prices of all wool fabrics, it will be impossible to secure such high grade cloaks and suits at anywhere near these prices.

**FINE WOOL COATS**  
**\$5.00, \$6.50 AND \$10.00 EACH.**

A splendid assortment to select from of coats, such as you will be needing from now on until the severe cold weather comes. There are plain colors in shades of gold, rose, blue, black and white checks, large fancy plaids and novelty weaves. It will mean a saving of dollars to you to select a coat from these now offered at—

**\$5.00, \$6.50 and \$10.00**

**BEAUTIFUL SUITS**  
**\$12.00, \$15.00 AND \$20.00**

All new this spring and styles that are just as attractive as those coming in this fall and the prices are very much cheaper. Possibly never again will you be able to buy such

**FINE WOOL SUITS**  
**AT \$12.00 AND \$15.00**

As are now offered you, in poplins and serges, in plain colors, black and white checks and fancy weaves. Pretty sport styles in wool jersey in blue, green and gold.

## The W. H. Mazey Company

**PRETTY STYLES IN CHILDREN'S DRESSES**

Are shown at popular prices. A good assortment of neat white dresses and pretty gingham in stripes and checks.

**75c and 98c**

Sizes 2 to 14 years, each.

# MAJ. BURNSIDES IN FRANCE; TRAVELS OVER LONG FRONT

Major William W. Burnside, U. S. regular army, a former Licking county boy is in France with Gen. Pershing's forces, and has recently made a 450 mile trip, presumably along the battle front, according to a letter received by his mother in Alexandria.

The major's letter was extremely brief. It says:

"I am well, happy and feeling fine. The weather is quite cool and my health has improved wonderfully."

MAJOR WM. BURNSIDES.

We had an interesting trip across the ocean and since I have been here I have seen much of this beautiful country. Took a trip of 450 miles in a motorcycle sidecar and it was fine to see the splendidly cultivated country.

The letter was stamped "Passed as censored, A. E. F. (American Expeditionary Forces)." The envelope bore no stamp but was marked "due 2 cents." This is a privilege accorded to American soldiers. They may mail letters without stamps and have the postage collected in this country.

Major Burnside was a captain when war was declared but when the regular army was enlarged and many new officers needed he was promoted to the rank of major and detailed to go with General Pershing's forces to France. He was in Mexico at the time of the trouble with the neighboring republic and for a time was military attaché at the American embassy in Mexico City.

## PURITY

The Utica Gas company is preparing to drill a well on Ray Layman's farm.

Mr. and Mrs. John Braden and two children of Newark, are visiting friends here.

Mr. and Mrs. James Taylor and Mr. and Mrs. Earl Hamilton of Akron spent from Saturday night until Monday with friends here.

Miss Gladys Hamilton attended services at the Dennis church, north of Bladensburg, Sunday.

Jake Mills, accompanied by his father, Elsha Miller, motored to McConnelsville, Saturday, where they attended the Barkhurst family reunion and visited friends until Monday.

Mr. and Mrs. G. W. Billman and son of Newark, were guests of Mr. and Mrs. William James from Friday until Sunday.

## TOWNSHIP SUNDAY SCHOOL CONFERENCE HERE NEXT SATURDAY

All township and county officers and all others who are interested in Bible school work are urged to be present at the conference to be held at the First Presbyterian church, Newark, next Saturday. The morning session starts at 9:30 o'clock; afternoon session at 1:30 o'clock. Mr. Arnold and Mr. Blackburn will speak at the conference on secondary work.

A list of township convention dates have been made out and will be printed on a large posted which the county association is putting out again this year. One will be sent to every Bible school in the county. The first two conventions will be held in Mary Ann and Franklin townships, Sunday, September 9.

**Abe Martin**

"There's been a heap o' progress made in soldiers' uniforms," said "Squint" Marsh swallows. "I say, 'I went clean thro' th' civil war wearin' a cap as heavy as a cement urn.' Myr! Pash is only 14 an' she kin paint a pair o' eyebrows that you kin hardly tell from th' real thing."

## OPEN ADDITION IN WEST NEWARK; SALE STARTS THURSDAY

Tomorrow is the opening sale of lots in Mound View addition, West Newark, corner Twenty-first and West Main streets, and it promises to be a gala event for the Buckeye band has been engaged to give an open air concert and Prof. M. E. Gains will give a balloon ascension and double parachute leap. He uses a balloon which is claimed to be the largest in the world, being 75 feet high and 120 feet in circumference, it taking 40,000 cubic feet of hot air to inflate it.

Messrs. Neil and Black, who opened the addition, state that it is one of the most promising of the many which they have handled, having perfect natural drainage, the entire plot being underlaid with gravel and there will be no wet cellars to contend with. The streets have been graded, sidewalks and gas mains laid and only today the brick extension of West Main street for one mile, was started.

The new addition is on the southwest corner of Twenty-first and West Main, the Moundbuilders Country club joining the grounds. It is a part of the Richard Shide farm and the lots can be purchased by paying \$10 down and \$5 per month. Several lots have already been sold and all who may be interested in the proposition can call at the office over the City Drug store, where they will find the sales manager, Samuel McCort, who will explain all details.

## ANNOUNCEMENT

C. F. Hagner, professional piano tuner, voicing, action, regulating and player pianos, a specialty. Auto phone 1777, 77 Commodore street. 6-18-d-11

## LOCAL ELK LODGE AIDS HOSPITAL IN STRICKEN FRANCE

At the Elk meeting held last evening arrangements were made to subscribe a substantial sum towards the erection and maintenance of an Elk Hospital in France. It is proposed to raise the sum of \$1,000,000 and this will be used in the building of the hospital and a part of the fund will go toward equipping same.

The matter of the hospital was taken up at the recent Grand Lodge convention at Boston. Past Exalted Ruler Walter Daugherty representing the local lodge, Mr. Daugherty explained the details at last night's meeting and told of the enthusiasm over the project. The one million dollars will be raised in one day by Elk lodges of the country.

An initiation of officers also took place, Harry D. Hale being installed as Esteemed Leading Knight, Mandel Brashner as Esteemed Loyal Knight and Gus Weigand as Esteemed Lecturing Knight. Following this Wallace E. Graham, valuation engineer of the Baltimore & Ohio railroad was obligated into the order and a social session followed.

## Alexandria

Mr. and Mrs. Edw. Toothaker and daughter of Akron, who have been visiting relatives in town returned to their home, Monday.

Ross Green and the Misses Ruth Vankirk, Dorothy Smith and Helen Prout, chaperoned by Mrs. E. H. Johnston, spent over Sunday at Ft. Benj. Harrison, Ind.

Mr. and Mrs. Frank Van Horn and daughter Eva, of Columbus, visited their parents, Mr. and Mrs. L. J. Penn over Sunday.

Mrs. Clara Baird and daughter, who have had charge of the telephone central, the past few years have moved to Bucyrus where Mr. Baird is employed on the railroad. Mrs. Baird has a host of warm friends who regret to have them leave. The best wishes to the Bairs.

Mrs. Edith Paxton of Cincinnati, and Mrs. Eva Van Horn of Newark, called at the H. C. Bowman home, Monday.

Albert Tyler has moved into his home, vacated by E. C. Darnell.

Mr. and Mrs. S. E. Morrow, Mr. and Mrs. Roe Morrow of Granville

## U. S. NAVY GUNNERS IN A PRISON CAMP IN BRANDENBURG

Washington, Sept. 5.—Captain Albert Oliver of the American tank steamer Campana and four of the five members of the naval gun crew, who were taken prisoners when their ship was captured and sunk August 6 by a German submarine, are in a prison camp at Brandenburg, Prussia, the American Red Cross was advised yesterday by cable from Geneva.

The message made no mention of Seaman William Albert Miller, the other prisoner, and an inquiry has been called to Geneva to learn his fate. The four gunners held by the Germans are James Delaney, chief gunner's mate, in charge of the gun crew; Ray Roop, boatswain's mate; Charles Lohan Kline, gunner's mate, and Fred Stephen Jacob, a seaman. They, with Miller, were the first American naval men to be taken prisoners since war was declared. It has been feared that Captain Oliver had been lost, as a French cruiser which picked up the remainder of the tanker's crew reported that a U-boat had been sent down that day by another French warship near where the Campana was sunk.

The Campana was forced to surrender because the naval guard had exhausted its supply of 180 shells in a four hours' running fight with the submarine, which fired several hundred shots at a range of more than 7000 yards.

## FREDONIA

Mr. and Mrs. Henry Capnaro and family of Columbus are visiting Mr. and Mrs. Harrison.

Mr. and Mrs. Floyd Wright of Johnstown, spent Sunday with Mr. and Mrs. Geo. Wright and family.

Mrs. Kate Gosnell of Columbus, spent Sunday with her daughter, Mrs. Dillon Cramer.
